

## RESPONSES TO PUBLIC CONSULTATION (Letter drop 7<sup>th</sup> Dec) - Appendix B

NAME REF.	COMMENTS/ SUGGESTIONS	OFFICER RESPONSE
1	<b>Objection</b> - finds this totally unacceptable given that this suddenly leaves absolutely no on road visitor parking at anytime, including evenings and weekends. Although Students do park in Rossan Avenue, does not personally find this a problem. The solution would be to have parking restrictions for Mon-Fri 10am-12am and 2-4pm in Rossan Avenue.	Could accommodate request for first part of Rossan Avenue
2	<b>Objection</b> - the proposal to make the Osborne Road end of Pitchpond Road "No Waiting At Any Time" to be too much of a restriction. By making the top end of Pitchponds Road a "No Waiting Mon - Fri 10-12am and 2-4 pm" zone will work better.	Could accommodate request for eastern end of Pitchponds Road
3	<b>Objection</b> - of all the options available - the compromise of restricted parking Mon-Fri only is probably the best option to keep all parties happy although preference is to have no restrictions at all	Car owners should be able to work around the proposals
4	<b>Objection</b> - to current proposal but would like the proposed waiting restrictions for Hewitt's Rise be extended to include Glenda Close and both sides of the section of Rossan Avenue to its junction with Jumar Close. Wants a meeting.	Could accommodate request
5	<b>Objection</b> - does not want No Parking at all times would prefer Mon-Fri 10am-12am and 2pm-4pm restriction instead, at both Rossan Ave and Pitchponds Road	Could accommodate request (as per refs 2&4)
6	<b>Objection</b> - has children and partners visiting regularly and does not think student parking is of concern as long as the bin lorry can get through.	Car owners should be able to work around the proposals

NAME REF.	COMMENTS/ SUGGESTIONS	OFFICER RESPONSE
7	<b>Objection</b> - does not think there is a parking problem, buses and emergency services are able to get through without a problem.	Could overcome objection by relaxing restrictions as per ref no.2
8	<b>Supports</b> - Hewetts Rise and Pitchponds Road proposal are acceptable and is in support of proposal.	N/A
9	<b>Objection</b> - is not happy with the current proposal would like residents parking scheme, so that only residents and their visitors can parking with a valid parking permit.	Car owners should be able to work around the proposals
10	<b>Support</b> - the proposal is a necessary action because of some irresponsible actions of a small number of students from the college.	N/A
11	<b>Support</b> - The proposal suggested is ideal and have no problem with it at all, and look forward to this being implemented	N/A
12	<b>Objection</b> - to proposal because parking will be shifted to Glenda Close, will like Glenda Close to have parking restrictions in Glenda Close Mon-Fri 10am-12am and 2pm-4pm.	Could accommodate this in Glenda Close
13	<b>Support with reservations</b> - wants action but feels that the college should solve the problem. Concerned about inconvenience when having work done etc.	Tradesmen should be able to work around the proposals
14	<b>Support</b> - but wants restrictions reduced on Pitchponds Road	Could accommodate this
15	<b>Support</b> - wants restrictions reduced in Pitchponds Road (as above)	Could accommodate this

NAME REF.	COMMENTS/ SUGGESTIONS	OFFICER RESPONSE
16	<p><b>Objection</b> - finds this totally unacceptable given that this suddenly leaves absolutely no on road visitor parking at anytime, including evenings and weekends. Although Students do park in Rossan Avenue, does not personally find this a problem. The solution would be to have parking restrictions for Mon-Fri 10am-12am and 2-4pm in Rossan Avenue.</p>	<p>Could accommodate request for first part of Rossan Avenue</p>
17	<p><b>Objection</b> - finds this totally unacceptable given that this suddenly leaves absolutely no on road visitor parking at anytime, including evenings and weekends. Although Students do park in Rossan Avenue, does not personally find this a problem. The solution would be to have parking restrictions for Mon-Fri 10am-12am and 2-4pm in Rossan Avenue.</p>	<p>Could accommodate request for first part of Rossan Avenue</p>
18	<p><b>Objection</b> – strongly opposed to any form of restriction. Have never experienced problems and the proposals are completely unnecessary</p>	<p>Not consistent with comments from other residents. Proposals may be reduced.</p>
