Supporting Information

Background

1. Waiting restrictions were introduced into Titchfield Park Road in January 2015 to address complaints about parking by non-residents of this road.
2. These have been successful and compliments about them have been received, but concern has also been expressed that they remove a useful parking facility on bank holidays when parking by non-residents is not normally a concern.
3. In order to address this it has been proposed that the restrictions should not apply on bank holidays.

Consultations

4. The Police, Ward and County Councillors have been consulted and expressed their support.
5. The Statutory Consultees were consulted and no objections were received.

Representations

6. The proposal was advertised in May 2015 and no objections were received.

Conclusion

7. It is recommended that the existing waiting restrictions are modified as advertised and shown at Appendix A.
