

FAREHAM

BOROUGH COUNCIL

Report to Leisure and Community Scrutiny Panel

Date: 18 October 2021

Report of: Director of Leisure and Community

Subject: Review of Community Buildings

SUMMARY

The Council owns 16 community buildings that act as a hub for its communities and are well-used for leisure and social activities.

In 2020 each community building was surveyed to identify the maintenance to that facility that would be required over the following 5-year period.

The purpose of this report is to note the findings of the surveys, understand the costs of necessary maintenance works identified and consider the most appropriate allocation of resources to ensure the long-term maintenance of these important community assets.

RECOMMENDATION

It is RECOMMENDED that the Leisure and Community Scrutiny Panel: -

- a) note the contents of the executive report at Appendix 1; and
- b) pass any comments to the Executive for consideration at their meeting on the 01 November 2021.
