## BOROUGH COUNCIL

### **Report to Audit and Governance Committee**

**Date:** 20 July 2023

**Report of:** Head of Finance and Audit

**Subject:** ANNUAL GOVERNANCE STATEMENT

#### **SUMMARY**

This report brings the 2022/23 Annual Governance Statement for member approval before publishing with the Statement of Accounts.

#### **RECOMMENDATION**

It is RECOMMENDED that the Committee: -

- a) approves the Annual Governance Statement for 2022/23, as attached at Appendix C of the report; and
- b) identify any changes required.

## INTRODUCTION

1. The Accounts and Audit Regulations 2015 require the Council to publish a statement on its systems of internal control as follows:

*'The relevant authority must ensure that it has a sound system of internal control which:*

*a) facilitates the effective exercise of that body's functions and the achievement of its aims and objectives:*

*b) ensures that the financial and operational management of the authority is effective; and*

*c) includes effective arrangements for the management of risk.'*

*The relevant authority must, each financial year - conduct a review of the effectiveness of the system of internal control... and prepare an annual governance statement. ... it must consider the findings of the review... by a committee or by members of the authority meeting as a whole; and approve the annual governance statement prepared...by resolution of a committee or by members of the authority meeting as a whole.*

*The annual governance statement ... must be approved in advance of the relevant authority approving the statement of accounts...and be prepared in accordance with proper practices...'*

2. The 'proper practices' for this obligation are regarded to be the CIPFA/SOLACE publication 'Delivering Good Governance in Local Government, which was last revised in April 2016.
3. This report therefore informs members of the processes that have been used to prepare the Annual Governance Statement (AGS) for 2022/23, as attached as Appendix C, and seeks approval for this to accompany the draft Statement of Accounts for 2022/23 which are currently being published.

## CHANGES TO THE PROCESS

4. The Governance Framework '*comprises the systems and processes and culture and values by which the Council is directed and controlled and its activities through which it accounts to, engages with and leads the community. It enables the Council to monitor achievement of the strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services*'. The system of internal control '*is a significant part of the framework and is designed to manage risk to a reasonable level*'.
5. The Council has defined its Governance Framework as consisting of 24 components as listed in [Appendix A](#) which is consistent with the 2016 guidance. Three of these are discretionary components which are considered important to this authority; one (Climate Change) is a new component which has been added this year.
6. There have been no changes to the required process identified for the 2022/23. However, the Accounts and Audit (Amendment) Regulations 2022 have now been revoked. Clarification of the requirements has identified that a draft of the Statement should now be published with the draft Statement of Accounts in May

each year. This is much earlier than in previous years. This deadline was missed this year but the timetable will be reviewed to ensure it is met in future years.

## **RESPONSIBILITIES OF THIS COMMITTEE**

7. The annual review of the effectiveness of the Council's governance framework and systems of control has now been completed by the officers on the 'Chief Executive's Assurance Group', who have also compiled the action plan for completion. These findings have been fed into the text of the Annual Governance Statement.
8. Member involvement in the process is important to establish corporate ownership of the governance framework. The specific role of members in the process is to:-
  - (a) confirm that a robust approach has been taken to review the Council's governance framework and systems of internal control;
  - (b) confirm that the sources of evidence are appropriate and support the Annual Governance Statement; and
  - (c) approve the content of the Statement and action plan or make suggestions for improvement.
9. The final version of the Statement, taking on board members' comments, will then be submitted for endorsement by the Chief Executive Officer and the Leader of the Council before being published.

## **SOURCES OF EVIDENCE**

10. Each of the elements of the framework were reviewed and discussed by the Chief Executive's Assurance Group which consists of the Chief Executive Officer, all the directors and the Head of Finance and Audit. The following additional evidence was also reviewed to support the discussions:
  - Summary of external assurances received in the year (listed in [Appendix B](#)).
  - Review of progress made on the actions included in the previous Annual Governance Statement.
  - Annual cyber security assurances
  - Trends arising from internal audit and finance work in 2022/23.

## **ANNUAL GOVERNANCE STATEMENT**

11. The Annual Governance Statement, as attached as Appendix C, has been drafted in accordance with the CIPFA proper practices guidance. The lists of improvements identified during this review are highlighted on pages 24-25 of the statement. It should be noted that these do not necessarily signify a significant control weakness in the Council's framework but tend more to reflect ideas for improvements to existing processes. In particular, this year they also reflect the impact of the pandemic on the way the Council works.

## **RISK ASSESSMENT**

12. The Annual Governance Statement is a statutory requirement and will be published on the Council's internet site with the Statement of Accounts. It is audited by the Council's external auditors.

## **CONCLUSION**

13. This organisation has defined an appropriate Governance Framework on which to base its Annual Governance Statement. The sources of assurance have been subject to a review to allow the Annual Governance Statement to be drawn up for 2022/23.
