REASON: To avoid any doubt over what has been permitted.

Additional planning condition proposed;

No development shall proceed beyond damp proof course (dpc) level until details of how electric vehicle charging points will be provided at the following level:

a) One EV charging point installation per residential dwelling with off-street parking

The development shall be carried out in accordance with the approved details.

REASON: To promote sustainable modes of transport, to reduce impacts on air quality arising from the use of motorcars and in the interests of addressing climate change.

(4) P/21/0019/FP Titchfield Ward

St Peters Parish Room, High Street, Titchfield, PO14 4OQ

Representations

In addition to the Twenty-three letters from the consultation process considered in the Committee Report, four additional letters have been received. The four letters are all in support of the development as it is seen to support the combat of climate change for a carbon neutral future. No substantive new issues were raised.
