## **ZONE 1 – WESTERN WARDS**

P/21/1823/FP WARSASH WARD

LAND TO THE SOUTH OF 79 GREENAWAY LANE

1. Members will be aware of the updated Five Year Housing Land Supply (5YHLS) position published on this same Update report. The current position is that the Council is able to demonstrate a 5.01 year supply of land for housing.
2. At the time of publishing the main report on the application for land south of 79 Greenaway Lane, Officers accepted that the Council could not demonstrate a 5-year supply of deliverable housing sites (paragraph 8.2). The report considers the various planning matters and accordingly, in the absence of a five year housing land supply, applies Policy DSP40 which is engaged as a result (paragraphs 8.27– 8.60). Those parts of the report no longer apply if the Council can demonstrate a 5YHLS.
3. Members' attention is drawn to part H) of the report (paragraph 8.72) of the main report which was written to provide an alternative conclusion in the event that the Council was able to demonstrate a 5YHLS. It concludes that in the event that the Council achieves a 5YHLS, the Officer recommendation would remain to grant planning permission notwithstanding the fact that Policy DSP40 is no longer engaged. The recommendation therefore remains that planning permission be granted.

## **ZONE 3 – EASTERN WARDS**

P/22/0338/FP PORTCHESTER EAST WARD

TURRET HOUSE HOSPITAL LANE

1. Members will be aware of the updated Five Year Housing Land Supply (5YHLS) position published on this same Update report. The current position is that the Council is able to demonstrate a 5.01 year supply of land for housing.
2. At the time of publishing the main report on the application at Turret House, Officers accepted that the Council could not demonstrate a 5-year supply of deliverable housing sites (paragraph 8.8). The report considers the various planning matters and accordingly, in the absence of a five year housing land supply, applies Policy DSP40 which is engaged as a result (paragraphs 8.88 – 8.102 & 8.111). Those parts of the report no longer apply if the Council can demonstrate a 5YHLS.

3. Members' attention is drawn to paragraph 8.114 of the main report which was written to provide an alternative conclusion in the event that the Council was able to demonstrate a 5YHLS. It concludes that, notwithstanding the fact that Policy DSP40 is no longer engaged, the proposed development conflicts with other adopted local plan policies meaning that the proposals do not accord with the development plan. Furthermore, there are clear reasons for refusing the development having applied the policies of the NPPF that protect areas or assets of particular importance. The recommendation remains that planning permission be refused.
4. Paragraph 8.65 of the report should be updated to state that the 'Council is currently able to demonstrate a housing land supply of 5.01 years which will deliver 3,252 homes over the five year period from the 1<sup>st</sup> July 2022 to the 30<sup>th</sup> June 2027'.
