## UPDATES

**for Committee Meeting to be held on 13/12/2023**

### **ZONE 1 – WESTERN WARDS**

6(2) P/23/1141/FP – Sarisbury Ward

Land at Bursledon Brickworks, Coal Park Lane, Swanwick

The consultation response from Natural England has been received and they have raised no objections to the proposals subject to securing the Nitrate Mitigation credits and payment of the recreational disturbance contributions.

6(4) P/23/0944/FP – Titchfield Ward

Meon Bye Farm, Triangle Lane, Fareham, PO14 4HB

#### Drainage

The lead local flood authority Hampshire County Council has raised no objection to the revised application. Notwithstanding this, following further discussions with the County Council in relation to concerns raised in the representations received, it is recommended that the applicant provide two channels from the back of the ditch adjacent to the road along the northern edge of the site into the pond in the northern part of the site.

Further details of the size of the drainage ditches along the western and eastern peripheries of the site and the maintenance of these ditches, along with the culvert, should be provided.

The recommendation given in paragraph 9.1 and 9.2 of the Officer report to committee is therefore proposed to be amended as set out at the end of this update.

#### Tree protection

The recommendation is to be amended accordingly to require tree protection measures within the Construction Environmental Management Plan (CEMP).

#### Recommendation

The Officer recommendation is hereby amended as follows:

At paragraph 9.1, add the following text before the words “DELEGATE authority to...”

*“Subject to the applicant providing:*

- a) revised drawings to show two drainage channels from the ditch along the northern boundary of the site to the pond in the northern part of the site to the satisfaction of Officers;*
- b) details of the dimensions of the drainage channels to be created along the western and eastern peripheries of the site to the satisfaction of Officers;*
- c) a revised Construction Environmental Management Plan (CEMP) to include tree protection measures to the satisfaction of Officers;”*

At paragraph 9.2, add the following additional planning condition:

*“6. Within one month of the date of this decision notice, details of the maintenance of the drainage channels shown on the approved drawings shall be submitted to and approved by the Local Planning Authority in writing. The drainage channels shall thereafter be maintained in accordance with the approved details.*

*REASON: To ensure appropriate surface water drainage on the site.”*

### **ZONE 3 – EASTERN WARDS**

6(10) P/22/0896/RM – Portchester West Ward

Land east of Downend Road, Portchester

#### Sports pitches

The Section 106 unilateral undertaking provided at the time of outline planning permission being granted requires a Sports Area to be provided on the site which meets the Minimum Requirements set out in the Council’s adopted Planning Obligations Supplementary Planning Document. Taking into account all 350 houses across both Phases 1 & 2 of the development, the Minimum Requirement for Sports Area is 10,079.52 sq metres (just over 1 hectare).

The proposals in this reserved matters application are for three sports pitches each of a size equivalent to a U7-U8 Mini Soccer pitch. In total the three pitches amount to 4,257 sq metres (just over 0.425 hectares). This means there is a shortfall of 5,822.52 sq metres against the amount secured in the Section 106.

However, the Section 106 unilateral undertaking also states that, in the event the Minimum Requirement for the Sports Area cannot be provided on the development site, the Council may, at its discretion, agree to accept a commuted sum payment in lieu of the onsite provision.

Officers have considered the shortfall in sports pitch provision on the site and taken into account a number of factors, including the ability for the site to accommodate the quantum of housing granted planning permission at the outline stage if a full policy compliant Sports Area was to be provided. The layout of the central parkland where the sports pitches are proposed to be located has been arrived at after extensive discussions between Officers and the developer's design team. The final proposals are for a high-quality open space which provides an appropriate balance between the needs of future residents for sports, recreation, informal and formal play and more natural forms of greenspace. Furthermore Officers have worked closely with the developer's team on delivering a series of sports pitches on a hill side site with a gradient which makes doing so challenging. On balance it is recognised that a reduced quantum of Sports Area provision on the site is appropriate given these site constraints and the desire to achieve a well balanced area of open space which meets the needs of all future residents. On this occasion a commuted sum payment towards off-site provision of sports facilities within the local area is considered acceptable and still necessary to make the development acceptable.

The Officer recommendation in the report is amended to ensure that, before reserved matters approval is granted, a Section 106 legal agreement is entered into by the owner/developer to require the shortfall in Sports Area provision to be addressed by way of a commuted sum payment towards off-site sports facilities.

### Recommendation

At paragraph 9.1 of the Officer report, before the words "DELEGATE authority to..." the following words are to be inserted:

*"Subject to the applicant/owner first entering into a planning obligation pursuant to Section 106 of the Town and Country Planning Act 1990 on terms drafted by the Solicitor to the Council to secure a commuted sum payment towards off-site sports facilities in the local area to address the shortfall in on-site Sports Area provision:..."*

At paragraph 9.2 of the Officer report, the following conditions are to be amended as set out below:
