**Grenfell Tower Tragedy**

The Executive Leader announced that, given the nature of the tragic events at Grenfell Tower in London, he has asked the Chief Executive Officer to undertake a review of fire safety in all Council buildings.

The Executive Leader stated that this review will obviously need to take account of any lessons learnt from the cause of the Grenfell Tower fire, although at this stage it is too early to say what caused the fire to spread so quickly and the Council will need to understand the facts before completing its review. The Executive Leader stated that the adequacy of Building Regulations will be one of the considerations of the public inquiry announced by the Prime Minister today.

**Royal Visit**

The Executive Leader announced that the Princess Royal will be flying into Solent Airport at Daedalus on the afternoon of Tuesday 27 June for an official business visit. The Princess Royal will attend the Maritime Coastguard...
Agency’s search and rescue facility, CEMAST and Fareham Council’s Innovation Centre in recognition of the Council’s commemoration of 100 years of flying at Daedalus which the Council will be recognising with a families day on 16 September.

The Executive Leader stated that Princess Anne’s visit will help enormously in raising the profile of Solent Airport at Daedalus and indeed that of the Solent Enterprise Zone and the work of Fareham Borough Council’s investment in putting Daedalus firmly on the map for aviation, marine and aerospace advanced engineering jobs.

6. EXECUTIVE MEMBERS’ ANNOUNCEMENTS

Sainsbury’s Waste Less, Save More Project

The Executive Member for Streetscene announced that Sainsbury’s launched “Waste Less, Save More” in 2016, to help customers waste less food and save money. The project works with local communities, led by a community group or local Council.

In 2016 the town of Swadlincote, Derbyshire was chosen to test a number of initiatives: and Fareham was chosen to be one of about 160 Discovery Communities across the country.

The Executive Member for Streetscene stated that in 2017 this group of Discovery Communities was invited to bid for a share of £1 million, under the next stage of the programme, and Fareham has been successful in receiving £30,000 of funding to work in local schools, and with Fareham Borough Council Housing and Housing Associations.

The Executive Member for Streetscene stated that a Food Saver Champion will be recruited by an agency to work on the Council’s behalf on the project and the project is also supported by Hampshire County Council as part of their waste prevention work.

The Council will encourage everyone to submit ideas and recipes, and to submit short video clips to feature on social media.

The Executive Member for Streetscene stated that the Council will run a competition for local schools to design a bag for restaurants to encourage diners to take home any food they cannot finish, to use later. New housing tenants will be provided with Welcome Packs to help make the most of the food they buy, and a Packed Lunch Rescue will help parents providing packed lunches for school to avoid wasting food.

The project will focus on the Fareham South area - on one refuse collection round - where the Council can monitor the amounts of waste collected but it will, however, work with residents across the Borough, when requested, and as time allows.
The Executive Member for Streetscene stated that the Council will welcome any Members who are interested in becoming involved in keeping a food diary for a week and sharing their results.

Three additional letters of objection have been received since the report was written.

Consultation

Southern Water – No objection subject to suggested planning condition and informative.

Additional planning condition;

Construction of the development shall not commence until details of the proposed means of foul and surface water sewerage disposal have been submitted to, and approved in writing by, the Local Planning Authority in consultation with Southern Water.

REASON: To ensure adequate drainage is provided to serve the permitted development.

Further information

A formal application for connection to the public sewerage system is required in order to service this development. To initiate a sewer capacity check to identify the appropriate connection point for the development, Please contact Southern Water, Sparrowgrove House, Sparrowgrove, Otterbourne, Hampshire SO21 2SW (Tel: 0330 303 0119) or www.southernwater.co.uk.

A motion was proposed and seconded to refuse the application, and was voted on and CARRIED. (Voting: 8 in favour; 0 against)

RESOLVED that PLANNING PERMISSION be REFUSED.

Reasons for Refusal

The development would be contrary to Polices CS5 & CS17 of the adopted Fareham Borough Core Strategy 2011 and the adopted Residential Car & Cycle Parking Standards Supplementary Planning Document 2009 and is unacceptable in that:

a) The proposed development fails to provide appropriate parking space for residents of the new units which would lead to pressure on the availability of on-street parking in the vicinity and parking spaces within nearby public car parks; and

b) By virtue of the relationship between first floor windows serving the proposed units set within the northern elevation of the building and the refuse stores associated with the ground floor commercial units below them, the development would be harmful to the living conditions of future residents due to the odour and noise from those refuse stores. In addition, by virtue of their location, limited size and the odour likely to be created by storage of refuse, the proposed storage facilities for refuse and recycling bins would be inadequate and harmful to the living conditions of future residents.
The Committee’s attention as drawn to the Update Report which contained the following information: -

Planning Considerations – there is a typo in the first sentence of the second paragraph. The sentence should read –

Following the agreement with the applicant to alter the proposal from a 24hr petrol filling station, to one opening only between the hours of 0600hrs and 2300hrs, it is considered that this level of change would not result in a significant alteration to the current arrangement and as such would be unlikely to have an adverse impact on the living condition of neighbouring occupiers.

Upon being proposed and seconded, the officer recommendation to grant planning permission, was voted on and CARRIED.
(Voting: 8 in favour; 0 against)

RESOLVED that PLANNING PERMISSION be granted.
