## BOROUGH COUNCIL

2019/20  
Decision No.  
2139

### Record of Decision by Executive Leader (Delegated Decision)

Friday, 8 November 2019

<b>Portfolio</b>	Executive Leader
<b>Subject:</b>	<b>Attendance at the TCPA Annual Conference - 'Facing the Future' - The Implications for Placemaking</b>
<b>Report of:</b>	Director of Planning and Regeneration
<b>Corporate Priority:</b>	All Corporate Priorities

#### **Purpose:**

This report seeks approval for the Executive member for Planning and Development to attend the TCPA Annual Conference 'Facing the Future' – The implications for placemaking, on 21 November 2019, at Coin Street Neighbourhood Centre, Stamford Street, London.

With changing demographics, digital technologies and a new globalisation, plus the substantial and urgent impact of a climate emergency, we know how we live, work, move around, shop and learn is changing. This in turn, is already having profound impacts on how we plan and develop places and communities.

The TCPA's 2019 Annual Conference, 'Facing the Future' will draw on the key drivers of change and consider what this means for how people are planning new and renewed communities, and how they may need to evolve in the future.

#### **Options Considered:**

That approval is given for the Executive Member for Planning and Development to attend the TCPA Annual Conference 'Facing the Future' – The implications for placemaking, taking place on 21 November 2019 at the Coin Street Neighbourhood Centre, Stamford Street, London.

#### **Decision:**

RESOLVED that approval is given for the Executive Member for Planning and Development to attend the TCPA Annual Conference 'Facing the Future' – The implications for placemaking, taking place on 21 November 2019 at the Coin Street Neighbourhood Centre, Stamford Street, London.

#### **Reason:**

This conference will provide an opportunity for the Executive Member for Planning and Development to hear from speakers from a wide range of bodies, and take part in discussions regarding the renewal or creation of communities, which will include drawing on

examples of innovative approaches that are embracing new technology, utilising data and responding to the huge challenge posed by climate change.

**Confirmed as a true record:**
