  - The garden for 79 Greenaway Lane extended to the southern boundary at the time when the land to the east was used to graze horses.
4. 12 objections (7 from addresses linked to objections already submitted.) The objections raised concerns regarding the following issues (not already raised):
  - Insufficient nitrate mitigation
  - Carbon footprint of the construction process and proposed housing

Officer Comment

*The impact of the proposed development on the European Protected Sites, in particular the impact of nitrates and the necessary mitigation required to ensure nitrate neutrality, was considered and secured as part of the determination of the outline planning application. An Appropriate Assessment was undertaken and was considered satisfactory by Natural England.*

*Representations submitted in respect of the reserved matters application contain statutory declarations relating to the past use of the land within the site, in particular the area within the site that was grazed by horses and the duration of the grazing. The statutory declarations do not provide any new information that was not available and taken into account at the outline stage, and therefore there is no requirement to carry out a further Appropriate Assessment.*

Councillor T M Cartwright declared a Personal Interest in this item as the applicant's brother is known to him.

Councillor M J Ford declared a Personal Interest in this item as the applicant's brother is known to him.

Upon being proposed and seconded the officer recommendation to approve the reserved matters application, subject to the conditions in the report, was voted on and CARRIED.

(Voting: 9 in favour; 0 against)

RESOLVED that, subject to the conditions in the report, the reserved matters application be APPROVED.
