7. THE ROLE AND FUNCTIONS OF THE STREETSCENE SCRUTINY PANEL

The Panel received a presentation by the Head of Streetscene and the Executive Member for Streetscene which provided an overview for new members on the role and functions of the Streetscene Scrutiny Panel. A copy of the presentation is attached to these minutes as Appendix A.

During the discussion of this item a possible opportunity was identified to encourage local community groups and volunteers to help maintain the increasing amount of land that the Council adopts as a result of planning approvals. It was agreed that this be added to the Scrutiny Priorities for the Panel for further consideration at a later date.

Members raised concern that at some of the larger open spaces across the Borough, particularly where there are often significant numbers of visitors over the weekend and holiday periods, the capacity of the rubbish bins is sometimes inadequate and can overspill onto the ground, causing wildlife to forage and scatter the contents. Members were advised to let the Public Spaces Operations Manager know if they become aware of any particular bins that cause this issue.

In discussing the Council's annual herbicide treatment across the Borough, concern was raised that the use of glyphosate could be detrimental to the bee population and may also be harmful to dogs. It was agreed that Scrutiny of the Council's herbicide treatment programme would be added to the Scrutiny

Priorities for the Panel to consider, in particular, if there are any alternative effective treatments available.

At the end of this item, the Chairman and the Vice Chairman commented on the incredibly diverse areas of work covered by the Streetscene portfolio and expressed their thanks to all members of the Streetscene Team for the fantastic service they provide. The Chairman also encouraged new members of the Panel to visit the Depot to see first-hand the work that takes place there. Members wishing to make such a visit were requested to contact the Head of Streetscene to make suitable arrangements.

RESOLVED that the Streetscene Scrutiny Panel notes the content of the presentation.

8. STREETSCENE SCRUTINY PANEL PRIORITIES

Members considered the Scrutiny Priorities for the Panel and agreed that, as discussed at item 7 of the agenda, the following items be added to the Plan:

- i) the potential for Local Community Groups to assist with the maintenance of adopted land in the Borough, which is increasing as a result of planning approvals;
- ii) consideration of the availability and effectiveness of alternative products for use in the Council's future annual herbicide treatments across the Borough

RESOLVED that Members discussed and agreed the Scrutiny Priorities for the Streetscene Panel.

(The meeting started at 6.00 pm
and ended at 7.30 pm).
