## 6. PLANNING PERFORMANCE MONITORING UPDATE AND ACTION PLAN

The Committee considered a report by the Director of Planning and Regeneration concerning an update on the Planning Performance Monitoring Action Plan.

The Committee’s attention was drawn to the Update Report which contained the following information: -

*On the 7 March 2024, the Department for Levelling Up, Homes and Communities published the statistics for the ‘Quality of decision making’ for the Assessment period 1 April 2021 to 31 March 2023. The statistics confirm that 2 of the Council’s total number of decisions on major applications made during the assessment period were overturned at appeal, which represents 4.2%.*

*Amendments to the table at paragraph 20 of the Executive Briefing Paper:*

*The number of major applications considered by the Council between 1 April 2020 and 31 March 2021 should read 22 in place of 20.*

*The number of major applications considered by the Council between 1 April 2021 and 31 March 2022 should read 23 in place of 25.*

The Head of Planning provided a further verbal update in respect of ‘Quality of Decision Making’ on non-major applications. The Planning Committee were advised that the Department for Levelling Up, Homes and Communities’ latest published statistics for the ‘Quality of decision making’ on non-major applications showed that 0.2% of the Council’s total number of decisions made during the assessment period were overturned at appeal.

Since the Council was designated in December 2023, no major planning applications have been submitted directly to the Planning Inspectorate.

Councillor Mrs Walker stated that it would be helpful if Officer reports made it clear where proposals constituted major planning applications. The Head of

Planning confirmed that this will be provided for future reports to the Committee.

RESOLVED that the Planning Committee: -

- a) Note the content of the Executive report and the draft Planning Designation Action Plan attached as Appendices A and B to this report; and
- b) Confirm that they have no comments to pass onto the Executive at its meeting on 18 March 2024.

## **7. PLANNING APPLICATIONS AND MISCELLANEOUS MATTERS INCLUDING AN UPDATE ON PLANNING APPEALS**

The Committee noted a report by the Director of Planning and Regeneration on the development control matters, including information on new appeals and decisions.

### **(1) P/22/1812/FP - LAND EAST OF BROOK LANE WARSASH**

The Committee received the deputation referred in Minute 5 above.

The Committee's attention was drawn to the Update Report which contained the following information: -

- i) *Satisfactory amended plans received to address minor design/layout matters.*
- ii) *Additional consultation comment received from Highway Authority.*

### ***Hampshire County Council (HCC) – Highways***

*Amended drawings, a report by i-Transport and a revised Residential Travel Plan have been submitted in response to the Highway Authority's comments made on 21 February 2024. I have the following comments to make on the updated information:*

#### *Walking and Cycling/ Travel Plan*

*The revised application documents confirm that a pedestrian/cycle route will link to the track on the eastern boundary of the application site; this will enhance connectivity to the wider community and provide the potential to improve permeability throughout the entire housing association. The revised Residential Travel Plan (RTP) adequately addresses the points outlined in the Highway Authority's response. It is recommended that the RTP be secured by Section 106 Agreement.*

#### *Site Access and Internal Layout*

*Apart from plot no. 126, vehicular access to the development is to be taken from the housing parcel to the south of the site (ref P/21/0300/RM) via the*

recently constructed junction onto Brook Lane. The access arrangement is acceptable to the Highway Authority.

The road layout incorporates the design principles contained within the Department for Transport publication *Manual for Streets*. The layout has been subject to a Stage 1 Road Safety Audit (RSA). The issues outlined in the RSA and raised by the Highway Authority have been satisfactorily addressed. It is the developer's intention that the roads within the development are to be private.

The Site Layout plan indicated a 6m wide shared surface roadway as a potential access to adjacent land within the housing allocation parcel. Additional information provided by the applicant demonstrates that the access corridor would be suitable to accommodate the anticipated level of development.

#### Traffic Impact/ Mitigation

The Highway Authority is satisfied that the traffic impact of the development can be mitigated against through financial contributions towards highway network improvements. The Technical Note (dated 26 January 2024) provides agreement to make a financial contribution of £482,000 (index linked from 18 March 2018) towards improvements at; Brook Lane/A27 junction, Brook Lane/Lockwood Road junction, Barnes Lane/A27 junction and Brook Lane/Barnes Lane junction.

The supplementary information and amended drawings satisfactorily address the issues previously raised by the Highway Authority, as such the Highway Authority raises no objection to the application subject to the following requirements being secured by Section 106 Agreement and by condition;

- A financial contribution of £482,000 (index linked from 18 March 2018) towards Improvements
  - Residential Travel Plan including associated approval and monitoring fees and security bond/deposit
  - Pedestrian and cycle connections and associated rights of access in perpetuity between the site and the developments to the north/south and to the track on the eastern site boundary.

**(2) P/24/0053/FP - 12 CLIFTON MEWS FAREHAM**

The Committee received the deputation referred to in Minute 5 above.

At the invitation of the Chairman, Councillor Mrs K K Trott addressed the Committee on this item.

The Committee's attention was drawn to the Update Report which contained the following information: -

*There is a need to publicise the application by way of a press notice and site notice as the application site is within the Wallington Conservation Area. The Site Notice was displayed along North Wallington on 7<sup>th</sup> March, and the press notice will be published on 15<sup>th</sup> March. They will run concurrently and expire on 8<sup>th</sup> April.*

*Should any further representations be received during the publicity period, Members are requested to Delegate Authority to the Head of Planning to consider these representations before the planning application is determined.*

*A further 4 representations have been received since the publication of the Committee Report (total now 10). No new issues have been raised beyond those listed in the Committee Report.*

The Planning Officer also gave a verbal update to confirm that a further 2 comments have been received since the update report was published, however they have not raised any new matters that haven't already been covered in previous comments.

Upon being proposed and seconded the officer recommendation to: -

(i) GRANT planning permission, subject to the conditions in the report and the update report;

And

(ii) DELEGATE authority to the Head of Planning to make any necessary modification, deletion or addition to the proposed conditions.

Was voted on and CARRIED.
