Notes:

A ** in column 2 indicates that the matter to be discussed may involve exempt or confidential information. In such circumstances, reports will not be publicly available and the public is likely to be excluded from the meeting when the matter is discussed.

The categories for exemption (according to the Local Government Act 1972 Schedule 12A - Access to Information) are as follows:

	Category	Condition
1.	Information relating to any individual.	This means any individual person and relates back to the Data Protection Act 2018 (DPA).
2.	Information which is likely to reveal the identity of an individual.	This again relates back to DPA.
3.	Information relating to the financial or business affairs of any particular person (including the Authority holding that information).	Includes information relating to the Authority's own financial or business affairs. It does not include information which is required to be registered under the Companies Act 1985, the Friendly Society Acts 1974 and 1992, the Industrial and Provident Societies Acts 1965-1978, the Building Societies Act 1986 or the Charities Act 1993 as such information will be in the public domain in any event. The "financial affairs or business affairs" include past, present and contemplated activities.
4.	Information relating to any consultations or negotiations, or contemplated consultations or negotiations, in connection with any labour relations matter arising between the Authority or a Minister of the Crown and employees of, or office holders under, the Authority.	"Employee" means a person employed under a contract of service with the Council and would not therefore include a consultant or a temporary member of staff employed through an agency or a company. Information about such a person, however, may well be covered under the exemptions in paragraphs 1, 2 and 3 but it will depend on the individual matter.
5.	Information in respect of which a claim to legal professional privilege could be maintained in legal proceedings.
