Report to the Executive for Decision 01 December 2014

Portfolio:	Policy and Resources
Subject:	2015/16 Draft Spending Plans
Report of:	Director of Finance and Resources
Strategy/Policy:	Finance Strategy 2015/16
Corporate Objective:	Dynamic, prudent and progressive Council

Purpose:

This report seeks the Executive's approval for the updated capital programme, the revised budget for 2014/15 and the proposed fees and charges, and revenue budgets for 2015/16.

Executive summary:

The capital programme, which has been updated to reflect the slippage in 2013/14 and new schemes that have been added to the programme during the year, now totals £33,176,000 for the years 2014/15 to 2018/19, as set out in Appendix A to this report.

The 2014/15 base revenue budget for Executive and non-Executive services of £13,027,400, was finally approved by the Executive on 10 February 2014.

The revised revenue budget for 2014/15 is £13,009,700, a reduction of £17,700 or 0.1%. The briefing paper contained in the report provides details of the budgets for each of the portfolios, together with an explanation of all of the significant variations in each area.

The Executive reviewed the Council's finance strategy on 6 October 2014, taking account of significant budget issues and the future level of general government support.

Against this background of uncertainty, the Executive approved strict budget guidelines for 2015/16 and these are also set out in the briefing paper. The Finance Strategy also recognised the requirement for action to be taken to reduce service expenditure through a range of actions (for example efficient ways of working, savings through procurement and business transformation/value for money reviews and maximising income generating opportunities).

The base revenue budget for 2015/16 is £11,616,200, a decrease of £1,411,200 or -10.8%. The budgets for the individual services are set out in the briefing paper, together with an explanation of the variations.

The existing fees and charges have been reviewed and the proposed fees and charges for 2015/16 are set out in Appendix D to this report.

Recommendations:

- (a) That the updated capital programme as set out in Appendix A to the report, be approved;
- (b) That the revised revenue budget for 2014/15 and the proposed revenue budget for 2015/16, as set out in Appendix B to the report, be approved;
- (c) That the proposed fees and charges for 2015/16, as set out in Appendix D to the report, be approved;
- (d) That the Executive agrees the use of Section 13A to provide a Council Tax discount to flooded properties in accordance with guidance issued by Government as set out in paragraphs 23 – 29 of the report; and
- (e) That the Executive recommend to Full Council an unchanged Local Council Tax Scheme for 2015/16, as set out in Appendix E.

Reason:

The Council has a co-ordinated strategic, service and financial planning process and this report brings together the spending plans for the Council's services for 2015/16.

The overall revenue budget will be presented to the Executive for approval on 5 January 2015 and will form a major element of the council tax for 2015/16 that will be approved at a special meeting of the Council in February 2015.

BOROUGH COUNCIL

Executive Briefing Paper

Date: 01 December 2014

Subject: 2015/16 Draft Spending Plans

Briefing by: Director of Finance and Resources

Portfolio: Policy and Resources

INTRODUCTION

1. The Council has a co-ordinated strategic, service and financial planning process and this report brings together the revenue and capital spending and fees & charges for 2015/16, allowing members to consider in detail these plans for the provision of services.
2. This report has five main sections covering:-
 - The finance strategy and budget setting principles for 2015/16 and beyond;
 - The capital programme 2014/15 to 2018/19;
 - The revised revenue budget for 2014/15;
 - The proposed budget for 2015/16; and
 - Fees and charges for 2015/16

FINANCE STRATEGY AND BUDGET SETTING PRINCIPLES FOR 2015/16

3. On 6 October 2014 the Executive considered a report on the Council's finance strategy that highlighted the various issues that will impact on the revenue budget and council tax for 2015/16 and later years.
4. A major corporate priority for the Council is to maintain council tax increases at or below the rate of inflation. Currently RPIX inflation is 2.4% (October 2014) and headline RPI was slightly lower at 2.3%.
5. The Government has indicated in previous financial years that it expects councils to freeze council tax. It is likely that this will continue through to the 2015/16 Council Tax Setting and councils that achieve it will be rewarded with additional grant equal to a council tax increase of 1%. The budget has been prepared in a way that will deliver another council tax freeze such that by the end of 2015/16 the council tax will have remained frozen for seven years.
6. Gross expenditure on services in 2014/15 is £45.4 million but a minimal increase of only £60,000 (0.13%) is sufficient to increase the council tax by 1%.

7. Against this background, the following budget setting principles have been approved by the Executive for 2015/16:
- No provision for the effects of inflation to be provided in revenue budgets except to cover price increases that are unavoidable or that the Council is legally obliged to pay;
 - Revenue budgets to be cash-limited to the current level and to be reviewed to ensure that all on-going savings that have accrued in previous years and the current year are reflected in future budgets;
 - Fees and charges to be increased to achieve a 5% increase in income wherever possible and desirable and every effort to be made to identify new sources of income. The proposed charges should be considered alongside those for similar services in neighbouring authorities and, where appropriate, the charges levied by private sector providers;
 - New revenue commitments and capital schemes will only be considered for inclusion in the budget where the expenditure is essential to protect the Council's assets or meet the Council's corporate priorities; and
 - Full weight to be given to the Council's overall position and future council tax levels when services are reviewed and revenue budgets, capital programmes and fees and charges are considered.

CONSULTATION WITH RESIDENTS

8. When seeking residents' opinions concerning service costs and the council tax in previous years, it has been very clear that the main preference for residents is for the Council to strike a balance between raising service charges and small increases in council tax. This has been taken into account when fees and charges are reviewed and the council tax for 2015/16 is approved next February.
9. The views of the business community will also be sought regarding the Council's Finance Strategy and any comments will be submitted to the Executive before the budget is finalised.

CAPITAL PROGRAMME

10. The capital programme of £34,601,000 approved in February 2014 has now been updated to take account of new schemes, slippage from the 2013/14 programme and the continuation of rolling programmes in 2018/19.
11. The latest programme now totals £33,176,000. The programme takes into account the proposals for funding the Western Wards Leisure Centre report that is elsewhere on this agenda. The programme is summarised in the following table with the details set out in Appendix A:-

	2014/15	2015/16	2016/17	2017/18	2018/19	Un-allocated	Total
	£'000	£'000	£'000	£'000	£'000	£'000	£'000

TOTAL	15,662	11,228	2,124	1,035	1,035	2,092	33,176

12. The programme has identified those areas where a budget has been earmarked for a specific purpose, but the details and timing of the schemes are yet to be confirmed. In these cases, the budget has been shown as “unallocated” but can be called upon within the programme period as individual schemes are developed.

REVENUE BUDGET

13. The base budget for 2014/15 was considered by the Executive at its meetings on 2 December 2013 and 6 January 2014. It was finally confirmed by the Executive on 10 February 2014 and by Full Council on 21 February 2014.
14. The base budget for services in 2014/15 amounted to £13,027,400. The breakdown between Committees and Portfolios is shown below and reflects changes made to the portfolios in March 2014:-

	Base budget 2014/15 £

Revised Budget 2014/15 and Proposed budget 2015/16

16. The overall revised service budget for 2014/15 is £13,009,700; an increase of £17,700 or 0.1% from the base budget. The proposed base budget for 2015/16 amounts to £11,616,200, a decrease of £1,411,200 or 10.8% when compared to the base budget in 2014/15.

17. A summary of the budgets for the services within each Committee and Executive Portfolio is shown in Appendix B, and the reasons for the budget variations are set out below.

Efficiency Savings and Budget Changes

18. In preparing the budget there have been a number of changes that reflect efficiency saving opportunities that were identified in the reports to the Executive in March and July 2014. While some of these were service specific others affected support services that feed through to all front line services.
19. Also, in order to streamline some Support Services there have been changes to the way the services have been allocated over frontline services. As a result there will be movement between services that will not affect the overall position of the service budgets.

Other Budget Considerations

20. There are some elements to the budget which are determined by accounting rules and can cause fluctuations to the reported budgets for each service. These are explained below, and it is important to note that changes do not affect the "spending power" of the service.
21. Work programmes carried forward from 2013/14 (£397,900 revised): On 7 July 2014, the Executive approved a number of work programmes to be carried forward into the 2014/15 revised budget. These programmes are fully funded

from the General Fund under spend in 2013/14 so also have no overall effect on the Council's net budget.

22. Local Council Tax Support Scheme: From 1 April 2013 the Government abolished Council Tax Benefit and all billing authorities had to develop their own schemes called Local Council Tax Support Schemes to replace it. For the 2015/16 scheme it is proposed to retain the principles agreed for the 2014/15 scheme. Appendix E details the 2015/16 scheme recommending to Full Council an unchanged scheme.
23. Local Council Tax Discount Scheme:
24. Following the extreme weather conditions which occurred between December 2013 and March 2014, the Prime Minister announced that funding of £4m would be available to support Council Tax discounts for homes that suffered from flooding.
25. The Government asked local authorities to use their powers under section 13A of the Local Government Finance Act 1992, to grant discounts to affected properties. The Government issued advice by way of a Guidance Note which suggested that relief should be granted on an individual basis or for a specific class of Council Tax payer.
26. There were 18 domestic properties affected by flooding and 5 of those remain unoccupied.

Address	Number Flooded	Number still empty
Swanwick Shore Road	7	4
Hill Head Road	8	
The Avenue	1	
Hook	1	
Meon Shore	1	1

27. The total cost of council tax discounts awarded to date is £12,517.82. This sum will be fully reimbursed by the Government via a specific flood compensation scheme grant claim.
28. The Government initially considered that the national budget of £4m would provide for discounts of up to 3 months to properties that have been flooded, but in April 2014, revised guidance stated that the discount should be given to all flood victims, for as long as they were unable to return to their homes.
29. Council Tax Discounts have been granted taking account of the guidance issued.

Planning Committee

30. The detailed budget was considered by the Planning Committee on 19 November 2014, and the main reason for the reduction in net costs for 2015/16 for these services is due to changes in the allocation of Support Services.

Licensing and Regulatory Affairs Committee

31. The detailed Licensing and Regulatory Affairs budget was considered by the Committee on 18 November 2014 and the main reason for the reduction in net costs for 2015/16 for these services is due to changes in the allocation of Support Services and in respect of the Environmental Health Partnership.

Leisure and Community Portfolio

32. The major changes for this portfolio are detailed in the following paragraphs.
33. Leisure Centre: (-£32,600 revised, -£103,300 Base 2015/16). The main reduction in respect of this service is an increase in the income due from the contractor after a review of their agreement in light of additional capital works funded by the Council.
34. Ferneham Hall: (+£22,900 revised, +£14,800 Base 2015/16). The main increase in respect of this service is an increase in support services which will show a reduction in other services.
35. Community Grants, Tourist Information and Westbury Manor: The main change in these three services is due to reductions in grant payments which were identified as part of the Efficiency Savings reports approved by the Executive earlier in the year.

Health and Housing Portfolio

36. The major changes for this portfolio are detailed in the following paragraphs.
37. Homelessness: (+£45,100 revised, +£25,900 Base 2015/16). This variation is due to increased demand within the service as a result of changes to the welfare system.
38. Other Housing and Health Services: The variations for other services within this portfolio are due to time allocation changes or changes in support services costs.

Planning and Development Portfolio

39. The major changes for this portfolio are shown below
40. Parking Strategy: (+£59,100 revised, +£51,600 Base 2015/16). The main variation on this service relates to an increase in the support services allocation which has been offset by a reduction in employee costs.
41. Local Plan: (+£75,800 revised, -£317,100 Base 2015/16). The main variation on this service relates to a reduction of staff resources in this service as the Welborne project moves into the next phase. There has also been a reduction in the level of work by consultants. The work to support the Welborne Plan has been funded from external sources, such as Housing and Planning Delivery grant and Capacity Funding in order to limit any impact on the Council Tax.

Policy and Resources Portfolio

36. The major changes for this portfolio are detailed in the following paragraphs.
37. Commercial Estates: (+£307,500 revised, -£72,600 Base 2015/16). The main variation on this service relates to changes in rental income at various sites due to vacant units, and also due to a reduction in the income from the Council's interest in the Fareham shopping centre. These have been offset by additional income that will be received as the £8million Commercial Property Investment Acquisition Strategy is implemented. There have also been changes showing an increase in support services costs.
38. Democratic Representation and Management; (-£81,100 revised, -£98,200 Base 2015/16). The budget reduction in this area is due to changes in employee costs as a result of efficiency changes and also changes to support service costs.
39. Corporate Management; (-£183,400 revised, -£32,800 Base 2015/16). The main change within this heading is due to the reductions in budget as a result of efficiency savings and changes to support service costs.
40. Local Tax Collection; (-£288,800 revised, -£306,400 Base 2015/16). The main change for this service is due to changes to employee and support service costs. There is also a change in a reduction from rate reliefs that are now included as part of the collection fund.

Public Protection Portfolio

41. The main changes in this portfolio are detailed in the following paragraphs.
42. Environmental Health Services: (-£33,800 revised, -£38,900 Base 2015/16). The main change for this service reflect the efficiency savings made as a result of the Environmental Health Partnership with Gosport BC and also changes within support service costs.
43. Off-Street and On-Street Parking: (+£25,800 revised, +£17,800 Base 2015/16). The main changes in this service is due to a reduction in the income due from Penalty Charge Notices which has been partly offset by changes in support service and employee costs.

Streetscene Portfolio

44. The major changes for this portfolio are detailed in the following paragraphs.
45. Community Parks and Open Spaces: (+£15,200 revised, -£22,800 Base 2015/16). The reduction in the budget is due primarily to an increase in income from sponsorship.
46. Street Cleansing: (-£22,600 revised, -£56,300 Base 2015/16). This service has seen a reduction in employee costs mainly relating to agency staff and also a slight reduction in support service costs.
47. Trade Waste: (+£26,200 revised, +£10,400 Base 2015/16). The overall position for this budget shows an increase mainly due to an increase in tipping charges

relating to the service. This has been slightly offset by increased income from new businesses.

FEES AND CHARGES

48. Each year, the Council reviews the fees and charges levied for the services it provides. The current fees and charges for each Committee and Executive portfolio and the proposed charges for 2015/16 are set out in Appendix D.
49. The proposed discretionary charges have been increased, wherever possible and desirable, to achieve at least a 5% increase in income with the reasons for major variations from this policy set out below.
50. Some fees and charges will be showing no increase as they are set by statute and therefore are not under the Council's control.
51. Others will have no increase where it is considered that it will not be beneficial to raise these charges mainly due to the current economic climate. One example of this is the market rents where income is currently below the level received for last financial year due to less stall holders using the facility.
52. Car parking has been budgeted in line with the Fareham Town Centre Parking Strategy and the charges have not been increased.
53. There are three charges within the cemeteries service that show increase in excess of the recommended 5%. The reason for this increase is reflective of the officer time involved in dealing with these areas.
54. Some of the charges for the Environmental Health Services have been changed in order to streamline charges for the new working arrangements for the partnership with Gosport Borough Council.
55. The Finance Strategy also states that opportunities for new sources of income should be sought where possible. Currently no new streams of income have been included within the 2015/16 budget, although opportunities continue to be investigated, and will be brought into the budget once the income has been established.

SPENDING PRESSURES

56. The Finance Strategy identified a number of spending pressures facing the Council. Where these are deemed "unavoidable" they have been built into the proposed budgets within this report. These include:-

SPENDING PRESSURES	2015/16 £
Tipping Fees	40,000
Homelessness	26,000
Increased pension costs	55,000
Loss of car parking income	50,000
Loss of Commercial Rental income	100,000
TOTAL	271,000

RISK ASSESSMENT

58. The budget reflects the implications of the current economic climate. However, there remains a high degree of uncertainty regarding the speed of the economic recovery of the UK, and the available funding for public services. There are particular risks surrounding the growing costs in certain demand led services, such as housing, homelessness and benefits.
59. The localised Council Tax Support Scheme needs to be highlighted as a risk to council finances. The scheme will impact on a large number of residents and this will continue to be monitored very closely.
60. Finally, fundamental changes to the way in which local government services are funded, effective from April 2013, also transfer risks in the collection of business rates directly to the Council.

CONCLUSION

61. The base budgets for the Council's two committees and six portfolios are detailed in this report. However, there remains uncertainty over the level of funding that will be received from central Government. This will be kept under review and will be incorporated in the reports that will be presented to the Executive in January and February 2015.
62. A number of Council services are partly funded from fees & charges and other types of income. After taking service income into account, the following sources of income reduce the overall cost of services to be met by Council Tax payers:
 - Investment Income;
 - General Government Grant; and
 - The Council's share of business rate income.
63. These sources of income are generally outside of the Council's control and do not reflect changes in the overall level of spending on local services. With these sources of income effectively "fixed", members need to be aware that unless it can be matched by increased service income, additional spending on services has to be fully funded by Council Tax payers.
64. It follows that members must give full weight to the Council's overall position and future Council Tax levels when the revenue budgets for 2015/16 are considered.
65. Gross expenditure on services in 2014/15 is £45.4 million but a minimal increase of only £60,000 (0.13%) is sufficient to increase the council tax by 1%.
66. That the Executive agrees to use Section 13A of the Local Government Finance Act (1992) to confirm the award of Council Tax Discounts to flooded properties in Fareham as detailed in paragraphs 23-29. Each discount has been granted based on the individual circumstance and in accordance with relevant guidance issued by Government.

APPENDIX E

From 1 April 2013 the Government abolished Council Tax Benefit and all billing authorities had to develop their own schemes, called Local Council Tax Support Schemes, to replace it.

For 2013-14 Fareham Borough Council agreed, following public consultation, the following principles:

- Every Working Age claimant should pay something towards their Council Tax – maximum support was reduced from 100% to 91.5%
- The scheme should protect the most vulnerable claimants therefore providing the same level of assistance as the previous Council Tax Benefit Scheme
- Make work pay by increasing the amount of income that working age customers can earn before it affects their level of Council Tax Support
- Provide extra financial support to those suffering genuine hardship as a result of the changes
- Provide funding to Fareham Citizens Advice Bureau to employ a Budgeting Advisor for a period of 3 years to assist claimants affected by the changes

For 2014-15 the Council agreed, following public consultation, the following principles:

- Every Working Age claimant should continue to pay something towards their Council Tax – maximum support was reduced from 91.5% to 80%
- The amount of Council Tax Support to be capped to a Band C for those claimants living in larger properties
- All non-dependents (such as adult sons or daughters) should pay something towards the household's Council Tax bill
- Continue to incentivise work by keeping the amount of income that working age customers can earn before it affects their Council Tax Support at the levels agreed for 2013/14
- The scheme should continue to protect the most vulnerable claimants therefore providing the same level of assistance as the previous Council Tax Benefit Scheme
- Continue to provide extra financial support to those suffering genuine hardship as a result of the changes

For 2015-16 it is proposed to retain the principles agreed in the 2014-15 scheme. A public consultation exercise ran from 22 September 2014 to 19 October 2014 seeking views on these proposals. A total of 101 responses were received and the results indicate that the proposed scheme is supported by the majority of respondents. 82% of respondents agreed that the current scheme is fair and 91% agreed that those with severe disabilities or in receipt of war pensions should continue to receive full council tax support. An impact assessment has been carried out and it confirms that we continue to comply with requirements.

The proposed scheme for 2015-16 will provide the same level of assistance & protections as in the previously agreed Council Tax Support Scheme (with some increases in the components of the calculation to allow for rises in the cost of living in line with the Government's annual increases to other welfare benefits). This will enable the Council to contain the cost within available resources.

Members are invited to consider this proposal and recommend to Full Council an unchanged Local Council Tax Support Scheme for 2015-16.
