## BOROUGH COUNCIL

### Report to Council

**Date**                    **10 February 2015**

**Report of:**            **Director of Planning and Development**

**Subject:**              **Development Sites and Policies Plan Proposed Modifications**

#### **SUMMARY**

The hearing sessions, which formed part of the Development Sites and Policies Plan Examination, closed in November 2014. Following the hearing sessions, the Inspector has issued his Preliminary Findings letter, which is set out as Appendix A to this report. This is part of the Examination process, which is still underway. The Inspector has indicated a number of areas of the Plan, relating to soundness, which the Council should address through the agreement of Main Modifications. In addition, Officers have identified a number of potential Minor Modifications which would improve the clarity and effectiveness of the document. This report sets out all of the proposed Modifications which are proposed to be published for public representations. This is an important step in moving towards receiving the final Inspector's Report on the Plan and a subsequent decision on the adoption of the Plan.

#### **RECOMMENDATION**

- (a) that the proposed Main Modifications and Minor Modifications to the Local Plan Part 2: Development Sites and Policies, as set out in Appendices B and C respectively, be published for a six-week representation period commencing on 16 February 2015 and concluding on 30 March 2015, together with a supplementary addendum to the Sustainability Appraisal and Habitats Regulation Assessment Reports;
- (b) that the Director of Planning and Development, in consultation with the Executive Member for Planning and Development, be authorised to make any necessary minor amendments to the proposed Main and Minor Modifications to the Plan, prior to publication for representations, provided that these do not change the overall direction, shape or emphasis of the documents, and do not raise any significant new issues;
- (c) that the Director of Planning and Development, in consultation with the Executive Member for Planning and Development, be authorised, following the

completion of the representation period, to submit the proposed Modifications to the Secretary of State together with copies of all representations received, along with a request under section 20(7C) of the Planning and Compulsory Purchase Act 2004 (as amended) for the Inspector to recommend to the Council, Modifications to the Plan that would make it sound;

- (d) that the Director of Planning and Development, in consultation with the Executive Member for Planning and Development, be authorised to make any necessary minor amendments to the proposed Main and Minor Modifications to the Plan, prior to submission to the Inspector, provided that these do not change the overall direction, shape or emphasis of the documents, and do not raise any significant new issues; and
- (e) that the proposed Modifications to the Local Plan Part 2: Development Sites and Policies Plan, be endorsed as interim guidance to be afforded due weight in the determination of planning applications.

## **INTRODUCTION**

1. Further to the Council resolution of 13th February 2014, the Publication Version of the Development Sites and Policies Plan was published for a period of public representations and submitted for Examination to the Secretary of State. An independent Inspector was appointed to consider whether the Plan has been prepared in accordance with the Duty to Cooperate, legal and procedural requirements, and whether it is sound.
2. The National Planning Policy Framework (NPPF) states that for a Plan to be “sound”, it should be:
  - Positively prepared – the plan should be prepared based on a strategy which seeks to meet objectively assessed development and infrastructure requirements, including unmet requirements from neighbouring authorities where it is reasonable to do so and consistent with achieving sustainable development;
  - Justified – the plan should be the most appropriate strategy, when considered against the reasonable alternatives, based on proportionate evidence;
  - Effective – the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities; and
  - Consistent with national policy – the plan should enable the delivery of sustainable development in accordance with the policies in the NPPF.
3. Following submission of the Plan, a series of Examination Hearings took place, commencing on the 11<sup>th</sup> November and concluding on the 19<sup>th</sup> November 2014. The Inspector has now considered the Plan and its supporting evidence, the representations made on the submitted Plan, the discussions at the hearing sessions and the subsequent written material submitted by the Council and other parties. He has now issued his Preliminary Findings letter based on the evidence he has read and heard.
4. This report sets out actions in accordance with the Inspector’s Preliminary Findings letter, which has been published on the Council’s website and included as Appendix A to this report.

## **DEVELOPMENT SITES AND POLICIES PLAN – EXAMINATION HEARINGS**

5. At the Examination Hearings, the Inspector indicated a number of areas where he considered the Plan would need to be changed before it could be considered sound. Under the direction of the Inspector, as part of the Examination process, Council officers prepared a number of documents in response to his concerns which were published on the Council’s website during and after the Examination Hearings. These were the subject of a further three week informal consultation, undertaken on behalf of the Planning Inspector, where all parties who had made a representation on the Development Sites and Policies Plan were invited to respond. Those responses were forwarded to the Inspector for his consideration before he issued his Preliminary Findings letter.

## **PRELIMINARY FINDINGS**

6. The Inspector’s Preliminary Findings letter identifies a number of points relating to soundness which the Council should address through the agreement of Main

Modifications. These all concern issues where the Inspector has already indicated to officers at the Examination Hearings that a change to the Plan was required. Therefore in each case, a response to the required change has already been drafted by officers at the Inspector's request and informally consulted upon on his behalf.

7. Main Modifications are a common feature in Local Plan Examinations. The Borough's Core Strategy was also subject to Modifications prior to it being deemed sound in 2011.
8. In total, 34 modifications are listed by the Inspector. They include –
  - A commitment to a Review of the Local Plan;
  - Clarification of the Council's approach to frontage infill outside defined settlement boundaries;
  - Clarification of the Council's approach to the change of use of land outside the settlement boundaries to garden land;
  - A new policy on Affordable Housing Exception Sites;
  - Portchester District Centre; include reference to foodstore floorspace and retaining parking levels and boundary change to remove residential properties and community facilities and amendment to supporting text;
  - Increasing the flexibility in the delivery of housing;
  - Housing site H7 – Fleet End Road, Warsash; amend plan to show only one access point (Shorewood Close);
  - Housing site H11 – Heath Road, Locks Heath; amend plan to include two potential access points;
  - Refer to support for self-build scheme (sites H12 Land at Stubbington Lane and H13 Land at Sea Lane)
  - Clarification of the Council's approach to facilitating development for older people;
  - Updates on Newgate Lane, Peel Common roundabout and Stubbington by-pass and consequential changes to the Policy Map;
  - Up-date housing figures; and
  - Revise the monitoring section of the Plan.
9. The Inspector's Preliminary Findings letter also included a paragraph, following the proposed Modifications, in which the Inspector provided his conclusion on the need to review the Borough's settlement boundaries. There were discussions at the Hearing Sessions around the need for a boundary review, which was referenced in the adopted Core Strategy. However, the Inspector concluded that: *"Having considered all the evidence, my conclusion is that such a review at this time is not justified because there are sufficient sites identified in LP2 (Development Sites and Policies Plan) to accommodate the identified housing requirement in the CS (Core Strategy), without the need to alter existing settlement boundaries."* The Inspector did indicate that a review of the boundaries may be required in any future review of the Plan, but regarding the

Development Sites and Policies Plan his conclusions mean that no modifications are required to the existing settlement boundaries.

10. Following the Inspector's Preliminary Findings, the Council now needs to consider the proposed Modifications to the Plan in order to proceed with the next stage of the Examination process.

### **MODIFICATIONS TO THE PLAN**

11. As outlined in paragraph 4 above, for each of the proposed Main Modifications to the Plan identified by the Inspector, an amendment to the Plan has been drafted. In addition, during the course of the Examination, officers have identified a number of additional, more minor areas where the Plan could be improved by changes which do not relate to "soundness" but nonetheless improve the Plan and which are referred to as proposed Minor Modifications. These include changes arising as a consequence of the proposed Main Modifications, updates, typographical amendments to the supporting text and other clarity changes which the Inspector has determined would not constitute Main Modifications. The proposed Main Modifications are set out in Appendix B, with the proposed Minor Modifications set out in Appendix C. Appendices B and C combined contain all of the proposed changes to the text of the Development Sites & Policies Plan.
12. Both the Main and Minor Modifications to the Plan do result in some amendments to the Policies Map; these are included as sub-appendices to each Appendix.
13. Finally, Appendix D to this report contains an addendum to the Sustainability Appraisal and Habitats Regulations Assessment to the Development Sites and Policies Plan as revised by the proposed Main Modifications.

### **NEXT STEPS**

14. Should Members endorse these changes, then both the proposed Main Modifications and the Minor Modifications to the Plan, as set out in Appendix B and Appendix C respectively, will be published for public representations commencing on 16 February 2015 and concluding on 30 March 2015.
15. Following the period of representations, the Council must forward all representations received to the Inspector, together with a brief response to the submissions received including any potential further changes, as well as a short commentary on any implications of the Main Modifications in terms of the sustainability appraisal. The Council may then issue the Inspector with a formal request under section 20(7C) of the Planning and Compulsory Purchase Act 2004 (as amended) for him to recommend Modifications to the Development Sites and Policies Plan that would make it sound.
16. Following that, the Inspector will finalise his report and confirm what changes to the Plan are required to make the Plan sound. These changes will be reported back for Member approval before the Plan can be adopted.

### **RISK ASSESSMENT**

17. If the Council decides not to proceed with the proposed Modifications as directed by the Inspector then the Development Sites and Policies Plan will not be found sound. Failure to deliver a sound Development Sites and Policies Plan would mean that the vision for development in the Borough, as set out in the adopted Core Strategy would

not be completed.

18. The Development Sites and Policies Plan is required to set out how the Council will meet the development expectations of the Council, as set out in the Core Strategy. The Plan also sets out a range of Policies which seek to guide and manage development proposals, which will enable Development Management to make robust decisions on individual applications. Without the Plan the Council will be at risk of being unable to resist unnecessary and undesirable development in the Borough.

## **RECOMMENDATION**

19. That the following recommendations be considered by Council:
  - (a) that the proposed Main Modifications and Minor Modifications to the Local Plan Part 2: Development Sites and Policies, as set out in Appendices B and C, be published for a six-week representation period commencing on 16 February 2015 and concluding on 30 March 2015, together with a supplementary addendum to the Sustainability Appraisal and Habitats Regulation Assessment Reports;
  - (b) that the Director of Planning and Development, in consultation with the Executive Member for Planning and Development, be authorised to make any necessary minor amendments to the Main and Minor Modifications to the Plan, prior to publication for further representations, provided that these do not change the overall direction, shape or emphasis of the documents, and do not raise any significant new issues;
  - (c) that the Director of Planning and Development, in consultation with the Executive Member for Planning and Development, be authorised, following the completion of the representation period, to submit the proposed Modifications to the Secretary of State together with copies of all representations received along with a request under section 20(7C) of the Planning and Compulsory Purchase Act 2004 (as amended) for the Inspector to recommend to the Council, Modifications to the Plan that would make it sound;
  - (d) that the Director of Planning and Development, in consultation with the Executive Member for Planning and Development, be authorised to make any necessary minor amendments to the proposed Main and Minor Modifications to the Plan, prior to submission to the Inspector, provided that these do not change the overall direction, shape or emphasis of the documents, and do not raise any significant new issues; and
  - (e) that the proposed amendments to the Local Plan Part 2: Development Sites and Policies Plan, be endorsed as interim guidance to be afforded due weight in the determination of planning applications.

## **Appendices:**

- Appendix A:** Inspector's Preliminary Findings on the Development Sites and Policies Plan (Development Sites and Policies Plan Examination document reference DID-15)
- Appendix B:** Proposed Main Modifications to Development Sites and Policies Plan Submission Version
- Appendix C:** Proposed Minor Modifications to Development Sites and Policies Plan Submission Version
- Appendix D:** Addendum to the Sustainability Appraisal and Habitats Regulations Assessment for the Development Sites and Policies Plan

## FAREHAM LOCAL PLAN PART 2: THE DEVELOPMENT SITES AND POLICES

### MAIN MODIFICATIONS

### INSPECTOR'S PRELIMINARY FINDINGS

This note is without prejudice to any final Report that I may prepare but based on the evidence that I have read and heard I consider there are a number of shortcomings in the document, relating to soundness, which the Council should address through the agreement of Main Modifications (MMs). They all relate to issues that were discussed at the Hearings and are summarised in the table below:

		<b>Modification</b>	<b>Soundness reason</b>
MM1	Para 1.11	Commitment to a Review of the Local Plan	Consistent with national policy
MM2	DSP2	Delete Design policy because superfluous but insert a new sentence	Justified
MM3	DSP3	Refer to dust, smoke, fumes and odour. Delete corresponding references in DSP47	Justified
MM4	DSP5	Clarification regarding the Council's approach to ensuring that development would not prejudice the future use of adjacent land	Justified
MM5	DSP6	Protection of archaeological sites	Justified and effective
MM6	DSP7	Clarification of the Council's approach to frontage infill outside defined settlement boundaries	Positively prepared, justified and effective
MM7	DSP7	Clarification of the Council's approach to the change of use of land outside the settlement boundaries to garden land	Justified
MM8	New Policy and supporting text	New policy on Affordable Housing Exception sites	Positively prepared, justified and effective
MM9	DSP8	Clarification regarding requirements for sequential tests and impact assessments	Justified
MM10	DSP11	Solent Breezes Holiday Park – removal of the reference to seasonal occupation	Justified
MM11	Paras 4.22 and	Greenspace provision	Effective

	4.26		
MM12	Table 3 page 44	Clarification of Employment Floorspace Supply table	Positively prepared, justified and effective
MM13	DSP17	Clarification of Council's approach to change of use within existing employment areas	Effective
MM14	DSP19	Include reference to "historic significance" in first bullet point	Justified
MM15	Employment site E2 Development Brief	Remove reference to "low intensity" development at Little Park Farm	Effective
MM16	DSP25	Refer to listed viaduct	Justified
MM17	DSP32	Deliver townscape improvements	Justified
MM18	Para 5.163	Include reference to foodstore floorspace and retaining existing parking levels at Portchester District Centre	Justified and effective
MM19	Para 5.164	Portchester District Centre: boundary change to remove residential properties and community facilities and amendment to supporting text	Justified and effective
MM20	DSP36	Refer to no reduction in parking spaces	Justified
MM21	DSP40 and para 5.180	Increasing the flexibility in the delivery of housing	Positively prepared, justified and effective
MM22	Housing site H7 – Fleet End Road, Warsash: Development Brief	Amend plan to show only one access point (via Shorewood Close)	Justified and effective
MM23	Housing site H11 – Heath Road: Development Brief	Amend plan to include two potential access points	Justified and effective
MM24	New paragraph 5.182 and Housing sites H12 and H13 Development Briefs	Refer to support for self-build schemes	Justified and positively prepared
MM25	DSP42 and new para after 5.193 amend site briefs H16, H17 and H20 Amend Table 8 (Appendix C)	Clarification of the Council's approach to facilitating development for older people	Justified and positively prepared
MM26	DSP47	Remove references to sunlight etc. (see MM3 above)	Justified
MM27	DSP49, paras 6.11, 6.12, 6.19-6.22 and Policy Map	Updates on Newgate Lane, Peel Common roundabout and Stubbington by-pass and consequential changes to the Policy Map	Justified
MM28	DSP50 and supporting text	Clarification of the Council's approach towards access to Whiteley – removal of references to the Yew Tree Drive link	Justified

MM29	DSP54	Include reference to protecting the Grace Dieu wreck	Justified and consistent with national policy
MM30	Para 6.30 and 6.31	Insert references to cycle/pedestrian link provision	Justified
MM31	Table 4 and appendices D-G	Up-date housing figures	Justified and effective
MM32	Employment Development Briefs	Include an indicative floorspace capacity figure	Justified and effective
MM33	Table 5 Monitoring	Revise whole section	Justified and effective
MM34	Policies Map	Amend brent geese/waders sites	Justified

At the hearing sessions I confirmed that I would await the receipt of the further representations on the Council's post-hearing submissions before deciding on whether or not a comprehensive review of the settlement boundaries is required. The text of paragraph 5.27 of the Core Strategy (CS) indicates that a review of the settlement boundaries (outside the town centre Area Action Plan area) is anticipated. Although the reference is only in the CS supporting text I have nevertheless afforded it weight. However, I consider it is reasonable to interpret the Council's intentions as *if necessary* (my emphasis). There would be little justification, particularly in terms of making the best use of time and resources, for undertaking a boundary review if sufficient land to accommodate the development needs of the Borough (as set out in the CS) could be confirmed, in response to my question 2.1 (Core Document DCD-06), that it was the intention to undertake the review only if the aforementioned development needs could not be met in the existing identified settlements. Having considered all the evidence, my conclusion is that such a review at this time is not justified because there are sufficient sites identified in LP2 to accommodate the identified housing requirement in the CS, without the need to alter existing settlement boundaries. However, I would strongly advise the Council that consideration should be given to including such an exercise, as a component of the review of the local plan (which is scheduled to start this year), thus ensuring that any review document is justified (i.e. the most appropriate strategy when considered against the reasonable alternatives).

There are a small number of other changes being proposed by the Council (following the hearing sessions) but they are minor in nature and therefore not before me for consideration and in any event I understand that they will be consulted on by the Council.

On this basis I am therefore inviting the Council to make a formal request under section 20(7C) of the Planning and Compulsory Purchase Act 2004 (as amended) for me to recommend Modifications to the plan that would make it sound.

Following consultation on the MMs the Council should send me a copy of the submissions received; a brief response to those submissions and a short commentary on any implications of the MMs in terms of the sustainability appraisal.

***David Hogger***

Inspector

22<sup>nd</sup> January 2015

**Appendix B: Proposed Main Modifications**

This appendix comprises a schedule of all Main Modifications that are proposed to the Development Sites and Policies Plan Submission Version (June 2014) (Development Sites and Policies Plan Examination Document Reference DSD01). The changes proposed in this document have arisen through the Council’s Statements on the Inspector’s Issues and Questions, through discussion during the Examination Hearing sessions and through the Council’s responses to the Inspector’s request for Additional Material.

This appendix comprises of any changes to the Plan considered necessary to enact the Main Modifications identified by the Inspector in his Preliminary Findings letter. All of these changes will be considered as part of the Examination and will be subject to a six-week period for Public representations commencing 16 February 2015.

All changes are shown as additional text underlined and deleted text ~~struck through~~.

<b>Mod Ref:</b>	<b>Plan Ref.</b>	<b>Proposed Main Modification</b>	<b>Reason for Change</b>	<b>Source of modification</b>
DMM1	Page 8 Paragraph 1.11	<p><del>The Council's commitment to an early review of the Local Plan is reiterated in the Local Development Scheme.</del> <u>The Council is committed to review the Local Plan, and this is set out in the Local Development Scheme (Revised September 2014 ), which was agreed at Fareham Borough Council's Executive Meeting on the 1st September 2014. The Council's timetable for the Local Plan Review allows the Authority to take account of the current review of the South Hampshire Strategy. The timetable for the review of the Local Plan is as follows:</u></p> <ul style="list-style-type: none"> <li><u>• Summer 2016 – Consultation on draft Local Plan (Regulation 18)</u></li> <li><u>• Summer 2017 – Publication of pre-submission Local Plan (Regulation 19)</u></li> <li><u>• Autumn 2017 – Submission to Secretary of State (Regulation 22)</u></li> <li><u>• Winter 2017 – Examination (Regulation 24)</u></li> <li><u>• Spring/Summer 2018 – Adoption (Regulation 26)</u></li> </ul>	To re-emphasise the Council commitment to review the Local Plan.	Proposed in the Council’s Statement on Issues and Questions Issue 1 (DCD-05)

Mod Ref:	Plan Ref.	Proposed Main Modification	Reason for Change	Source of modification
		<u>The Local Plan Review undertaken by the Council will be comprehensive in nature, updating and reviewing the adopted Core Strategy, Development Sites and Policies and Welborne Plans, to form one Local Plan.</u>		
DMM2	Page 15 Paragraph 3.16 and Policy DSP2	<p>Core Strategy Policy CS17: High Quality Design sets out key design principles that should be adhered to in all proposals in the Borough. These design principles will be supplemented by the Design Supplementary Planning Document (SPD), which will provide additional detail and set standards for internal and external spaces. <u>The Council expects all new development to adhere to the Principles of CS17, whilst having due regard to the additional guidance within the Design Guidance (Excluding Welborne) SPD.</u></p> <p><del>Policy DSP2: Design</del></p> <p><del>All new development in the Borough should be consistent with the principles set out in Core Strategy Policy CS17: High Quality Design, and the Design Supplementary Planning Document.</del></p>	The policy is superfluous as CS17 is already part of the adopted development plan, and the Design SPD will become a material consideration once adopted.	Proposed in the Council's Statement on Issues and Questions Issue 1 (DCD-05)
DMM3	Page 17 Policy DSP3	<p><b>Policy DSP23: Environmental Impact</b></p> <p><b>Development proposals should not, individually, or cumulatively, have a significant adverse impact, either on neighbouring development, adjoining land, or the wider environment, by reason of noise, <del>dust, fumes,</del> heat, <del>smoke,</del> liquids, vibration, light or air pollution <u>(including dust, smoke, fumes or odour).</u></b></p>	For clarification that air pollution considerations should include dust, smoke, fumes and odour.	Proposed in the Council's Statement on Issues and Questions Issue 8 (DCD-12)
DMM4	Pages 17-18 Paragraph	<p><del>'Ransom Strips' Preventing Prejudice to the Development of Adjacent Land</del></p> <p>In order to ensure that development makes the most efficient use of land, comprehensive</p>	To clarify the Council's approach	Discussed in the Issue 2 hearing

Mod Ref:	Plan Ref.	Proposed Main Modification	Reason for Change	Source of modification
	3.25 and Policy DSP5	<p>schemes <u>for larger sites</u> will be encouraged where possible. The Council has a long-standing policy of seeking <u>to ensure that any permitted development does not prejudice the development of adjacent land, where there are sound planning reasons to secure the development of a larger site, prevent the establishment of ransom strips which by preventing access from the approved development to other areas of the larger site to adjacent land.</u> This <u>principle was re-emphasised established</u> in the Core Strategy Policy CS15: Sustainable Development and Climate Change, which states that "<i>Development must not prejudice the development of a larger site</i>". Developers will be expected to enter into legal agreements to ensure prejudice to <u>the development of adjacent land</u> is avoided as smaller parcels of land are developed. Where legal agreements are deemed necessary, but not subsequently achieved, proposals may be refused in line with CS15 and DSP5.</p> <p><b>Policy <u>DSP45: 'Ransom Strips' Prejudice to Adjacent Land</u></b></p> <p><b><u>Where piecemeal development could delay or prevent the provision of access comprehensive development of a larger site to adjacent land, a legal agreement will be required sought, to ensure that any permitted development does not prejudice the development of adjacent land prevent the use of land as a 'ransom strip' and that highway access, pedestrian access and services to adjoining land are provided.</u></b></p>	regarding the prejudice of development of adjacent land	session with modifications subsequently proposed in the Council's Additional Material Statement DCD-20
DMM5	Page 23 Policy DSP6 (second to last paragraph)	<b>The Council will conserve Scheduled Monuments, <u>and archaeological sites that are demonstrably of national significance, by supporting proposals that sustain and where appropriate enhance their heritage significance. Proposals that unacceptably harm their heritage significance, including their setting, will not be permitted.</u></b>	To provide further clarification that archaeological sites of national significance shall be afforded due	Proposed in the Council's Statement on Issues and Questions Issue 2 (DCD-06)

Mod Ref:	Plan Ref.	Proposed Main Modification	Reason for Change	Source of modification
DMM6 and DMM7	Page 25 Paragraph 4.6 and DSP7	<p>The Borough Council will protect the areas outside of the DUSBs from development that would adversely affect the landscape character, appearance, and function, by avoiding non-essential residential development, including <u>unacceptable</u> changes of use to residential garden <del>area</del><u>land</u>. Subject to other planning policies, exceptions may be made for the conversion of existing buildings, one-for-one replacement of existing dwellings, <u>infill between existing residential frontages</u> or where there is a proven requirement for a new dwelling to support an agricultural worker's employment requirements to live in close proximity to their place of work.</p> <p><b>Policy DSP7 New Residential Development Outside of the Defined Urban Settlement Boundaries</b></p> <p><b>There will be a presumption against new residential development outside of the defined urban settlement boundaries (as identified on the Policies Map). New residential development will be permitted in instances where <u>one or more of the following apply</u>:</b></p> <ul style="list-style-type: none"> <li data-bbox="566 986 1659 1050">i. It has been demonstrated that there is an essential need for a rural worker to live permanently at or near his/her place of work; or</li> <li data-bbox="566 1086 1659 1249">ii. It involves a conversion of an existing non-residential building where; <ul style="list-style-type: none"> <li data-bbox="642 1158 1659 1249">a) the buildings proposed for conversion are of permanent and substantial construction and do not require major or complete reconstruction; and</li> <li data-bbox="642 1321 1659 1350">b) evidence has been provided to demonstrate that no other suitable</li> </ul> </li> </ul>	<p>weight</p> <p>To allow for acceptable frontage infill development and changes of use to residential gardens in areas outside of defined urban settlement boundaries.</p>	<p>Discussed in the Issue 3 hearing session with modifications subsequently proposed in the Council's Additional Material Statement DCD-21</p>

Mod Ref:	Plan Ref.	Proposed Main Modification	Reason for Change	Source of modification
----------	-----------	----------------------------	-------------------	------------------------

alternative uses can be found and conversion would lead to an enhancement to the building's immediate setting.

**iii. It comprises one or two new dwellings which infill an existing and continuous built-up residential frontage, where:**

- a) **the new dwellings and plots are consistent in terms of size and character to the adjoining properties and would not harm the character of the area; and**
- b) **it does not result in the extension of an existing frontage or the consolidation of an isolated group of dwellings; and**
- c) **it does not involve the siting of dwellings at the rear of the new or existing dwellings.**

A change of use of land outside of the defined urban settlement boundary to residential garden will ~~only be not normally be permitted unless where: other environmental benefits can be secured.~~

- i. **it is in keeping with the character, scale and appearance of the surrounding area; and**
- ii. **it will not detract from the existing landscape; and**
- iii. **it respects views into and out of the site.**

New buildings should be well-designed to respect the character of the area and, where possible, should be grouped with existing buildings.

Proposals should have particular regard to the requirements of Core Strategy Policy CS14: Development Outside Settlements, and Core Strategy Policy CS6: The Development Strategy. They should avoid the loss of significant trees, should not have an unacceptable impact on the amenity of residents, and should not result in

Mod Ref:	Plan Ref.	Proposed Main Modification	Reason for Change	Source of modification
<p><b>unacceptable environmental or ecological impacts, or detrimental impact on the character or landscape of the surrounding area.</b></p>				
DMM8	<p>Page 26 New Paragraphs and Policy</p>	<p><b><u>Affordable Housing Exception Sites</u></b></p> <p><u>The Council is committed to delivering affordable housing to meet the needs of the Borough. The majority of the Borough's affordable housing needs will be met through existing commitments and as a percentage of the Borough's housing allocations (DSP40) in line with Core Strategy Policy CS18. However, where, through the Council's monitoring or other evidence, it can be demonstrated that the levels of affordable dwellings (as defined by the NPPF) being delivered through the above methods are not meeting the target levels set out in Policy CS18 of the Core Strategy, the Council will consider granting planning permission for affordable housing on sites outside the existing urban area boundaries.</u></p> <p><u>Proposals for affordable housing exception sites must be accompanied by satisfactory evidence which demonstrates that the tenure, scale and mix of affordable housing proposed will meet an unmet need in the Borough. Affordable housing need should be calculated as the required proportion (as set out in Policy CS18) of the projected total housing requirements set out in the Core Strategy. Applicants will be expected to enter legal agreements to ensure that where affordable units are permitted on exception sites they are retained for this use in perpetuity. Proposals will only be considered where they are brought forward, and managed, by a not for profit social housing provider that is regulated by the Homes and Community Agency (HCA).</u></p> <p><u>Whilst affordable housing exception sites will be considered outside of existing urban boundaries, it is important that such sites are not isolated. Therefore, permission will only be granted where sites are both adjacent to, and well related to, the existing urban area boundaries to ensure they can be well integrated with the existing settlements of the Borough. Sites must be well designed to reflect the character of the neighbouring</u></p>	<p>To ensure the Council can deliver sufficient affordable housing to meet the requirements of the Core Strategy</p>	<p>Discussed in the Issue 7 hearing session with modifications subsequently proposed in the Council's Additional Material Statement DCD-24</p>

Green Infrastructure Study. The Council will also support, and where appropriate, work with partner organisations to bring forward additional opportunities, including provision that may come forward as part of development proposals. Furthermore, the Council will explore opportunities to use existing open space more effectively. may include the exploration of opportunities to transfer existing types of open space to other typologies in deficit, rights of access agreements and lease arrangements. Furthermore Qualitative improvements to existing open space are proposed through the Council's Open Space Improvement Programme, which aims to increase the accessibility and attractiveness of public open space so it is available and attractive to a larger population.

*Amended paragraph 5.9*

Although the supply of office floorspace appears to be insufficient there are a number of important factors to consider. Firstly, there is a substantial part of the potential overall supply in B2/B8 uses (shown from above) which is shown as B1-B8 (21,660sq.m), where the final use has yet to be determined of 35,690sq.m. It is conceivable that a proportion of this supply could, instead, come forward will be for offices, although it is difficult to ascertain at this juncture what this figure is likely to be and the flexible policies in the Plan would allow that to happen.

DMM13	Page 46 Paragraph 5.17 and Policy DSP17 (last paragraph)	Where it can clearly be demonstrated that a building or site in one of the Borough's existing employment areas is no longer suitable and viable for economic development uses, alternative uses may be considered. However, all <u>appropriate</u> alternative forms of economic development should be considered before other uses, such as housing, will be deemed acceptable. A comprehensive marketing exercise over a twelve-month period, <u>ending within 3 months of the submission of the planning application</u> , should be completed prior to an application being submitted, in order to clearly demonstrate a site's lack of suitability for economic development uses. <u>In order to establish whether the marketing exercise has been satisfactorily comprehensive, applicants will be expected to submit details of the length of the vacancy, the agents used to promote the sale/letting (including contact details), advertising methods used, information regarding any interest received during that time and why any interest (if any) was not pursued.</u>	To clarify the information required when considering change of use applications in existing employment areas	Discussed in the Issue 4 hearing session with modifications subsequently proposed in the Council's Additional Material Statement DCD-22

----------	-----------	----------------------------	-------------------	------------------------

*Amendments to Paragraph 6.19-6.20*

***Stubbington Bypass***

The bypass is a major transport scheme, which will be very challenging to implement. After assessment of a series of potential route options a preferred route has been identified which connects the B3334 Gosport Road, south of Stubbington to the B3334 Titchfield Road north of Stubbington. ~~The preferred route will be subject to further more detailed appraisal and consultation. The development work is being afforded a high priority by the County Council. Land will be required to deliver this scheme, if it proves to be feasible, and will be safeguarded once the requirements are known.~~ Following consultation in summer 2014, the County Council has identified an indicative corridor for the bypass, which is 100m wide to allow design adjustments as work progresses. The actual corridor width will be approximately 20-25m.

The scheme will require careful consideration to ensure that the route does not undermine the purpose of the Strategic Gap and does not result in any significant adverse effect on the physical or visual separation of Stubbington/Lee on the Solent and Fareham/Gosport. All stages of design, as the scheme progresses, will need to take account of the principles and criteria set out in Policy CS22 of the Core Strategy.

***Newgate Lane (Southern Section)***

~~Options for improving the southern part of Newgate Lane between Tanners Lane and Peel Common Roundabout are being given further consideration during work to assess the feasibility of a future bypass of Stubbington. These options include improvements to Newgate Lane South with or without a Stubbington bypass. Improvements based upon the current alignment of Newgate Lane and also a possible new alignment to the east are currently being considered including the line safeguarded for Strategic Road Network Improvements in the Fareham Local Plan Review 2000. It is likely that land outside the~~

----------	-----------	----------------------------	-------------------	------------------------

~~existing highway boundary, will be required to address the traffic issues on the southern section of Newgate Lane and work is progressing to provide a clearer understanding of requirements in order that the safeguarding can be confirmed once the detailed requirements are known. Following assessment of a number of options for improving capacity on the southern section of Newgate Lane, it is proposed to construct a new road to the east of the existing southern section of Newgate Lane. The new road would commence at Peel Common Roundabout with a new arm at the roundabout. The route heads northwards between Brookers Field and the River Alver to tie in with the northern section of Newgate Lane.~~

The scheme will require careful consideration to ensure that the route does not undermine the purpose of the Strategic Gap and does not result in any significant adverse effect on the physical or visual separation of Stubbington/Lee on the Solent and Fareham/Gosport. All stages of design, as the scheme progresses, will need to take account of the principles and criteria set out in Policy CS22 of the Core Strategy.

*Amendments to Policy DSP49*

**Policy DSP49: Improvements to the Strategic Road Network**

**The alignments shown on the Policies Map, ~~is~~ are safeguarded for the following proposals, which will improve and maintain the effectiveness of the Strategic Road Network:**

- (A) B3385 Newgate Lane, Palmerston Drive – Peel Common;**
- (B) B3334 Gosport Road– B3334 Titchfield Road (Stubbington Bypass)**

**The parcels of land shown on the Policies Map, are safeguarded for the following proposals, which will improve and maintain the effectiveness of the junctions on**

		<p><u>multi-user green corridors and be in accordance with the Strategic Objectives set with the Core Strategy (2011).</u></p> <p><u>Strategic Multi-user pedestrian and cycle links expected to be achievable are:</u></p> <ul style="list-style-type: none"> <li>• <u>Pook Lane – Establishing a cycle and pedestrian route linking Welborne and Fareham Town Centre via Broadcut Industrial Estate.</u></li> <li>• <u>Forest Lane to West Walk - Establishing a Multi-user route between Welborne and West Walk providing access to the wider countryside;</u></li> <li>• <u>Welborne to Whiteley (inc Welborne to Meon Valley Trail) Links - Strategic east-west route linking two areas of Fareham Borough via Winchester District. A direct link to the Meon Valley Trail is also to be created.</u></li> <li>• <u>Welborne to Hill Park Link (Deviation Line) - Continuation of Rights of Way along old railway line near Knowle, providing a direct link to Welborne from Fareham Hill Park.</u></li> <li>• <u>Link over Fareham Common - Upgrade and enhance existing access under the M27 to provide a multi-user route from Welborne to Fareham.</u></li> <li>• <u>England Coast Path/Solent Way/NCN2 Warsash Link – Upgrading Rights of Way to provide full cycleway functionality required to meet National Cycle Network (NCN) Standards.</u></li> </ul>	<p>achievable projects moving forward</p>	<p>Additional Material Statement DCD-26</p>
DMM31	<p>Page 83-87 Paragraphs 5.173, 5.174, 5.180 and 5.184 and Table 4 and</p>	<p><i>Amendments to paragraphs 5.173 and 5.174</i></p> <p>Core Strategy Policy CS2: Housing Provision sets out the housing requirements for the Borough, outside Welborne. This was based on evidence set out in the PUSH South Hampshire Strategy, which required the Borough to deliver 3,729 dwellings between 2006 and 2026. A total of <del>2,665</del><u>2,857</u> dwellings have been delivered between 1 April 2006 and 31 March <del>2013</del><u>2014</u>; this leaves a residual balance of <del>4,064</del><u>4,872</u> dwellings to be delivered during the remaining part of the Plan period (1 April <del>2013</del><u>2014</u> – 31 March 2026).</p>	<p>To update housing figures to include 2013/14 completions and permissions and to take account of</p>	<p>Proposed in the Council's Statement on Issues and Questions Issue 7 (DCD-11) also discussed in</p>

Mod Ref:	Plan Ref.	Proposed Main Modification	Reason for Change	Source of modification
	Appendices C, D, E and G	<p>Since the adoption of the Core Strategy, the Partnership for Urban South Hampshire (PUSH) has updated the South Hampshire Strategy to take account of revised economic forecasts, including the effect of recent economic downturn on rates of economic growth and house building. The review, formally known as the South Hampshire Strategy: A Framework to Guide Sustainable Development and Change to 31 March 2026, revised individual local planning authorities' housing targets up to 2026. Taking account of completion in the period 1 April 2006 to 31 March <del>2013</del><u>2014</u>, Fareham is now required to deliver <del>4,536</del><u>1,344</u> dwellings across the remainder of the plan period between 1 April <del>2013</del><u>2014</u> and 31 March 2026 (excluding Welborne) – see table 4.</p> <p><i>Amendments to paragraph 5.180</i></p> <p>Flexibility in the supply will also be provided through the delivery of “small sites” (see Appendix D). This additional supply will account for any potential shortfall in the delivery of identified sites if some of the identified residential sites do not come forward as planned. Small sites (fewer than five units) are an important source of Fareham’s housing supply. Hampshire County Council’s housing monitoring data reveals that, as at 31 March <del>2013</del><u>2014</u>, the Borough has a commitment of <del>409</del><u>139</u> net dwellings on small sites with extant permission (see Appendix D). However, agents and/or developers of these sites have not been contacted to understand the likelihood of the development coming forward, and so the deliverability of these sites is not certain. To this end, the <del>409</del><u>139</u> dwellings permitted on small sites do not form part of the housing land supply calculation but their contribution toward Fareham’s housing requirement has been highlighted as an aspect of flexibility in the housing land supply position.</p> <p><i>Amendments to paragraph 5.183</i></p> <p>The housing supply that is needed to ensure that the Borough meets its overall housing requirement is set out in Table 4. The total from the various sources shows a supply surplus of <del>287</del><u>929</u> dwellings in meeting the housing requirement, <u>as set out in the Core</u></p>	additional older persons allocation (see DMM25)	the Issue 7 hearing session with modifications subsequently proposed in the Council’s Additional Material Statement DCD-24

*Appendix G: Fareham's Housing Trajectory, amend as follows;*

**Fareham's Housing Trajectory and Five-Year Housing Land Supply (excluding Welborne)**

The Council is required to identify a supply of specific deliverable sites sufficient to provide five years' worth of housing against its housing requirements, with an additional buffer of 5% (moved forward from later in the plan period) to ensure choice and competition in the market for land. Table 14 below, considers housing delivery, past and future, providing the overall housing trajectory across the plan period.

The trajectory identifies past housing delivery and the expected rate of projected housing delivery for the remainder of the plan period to 2026. Past housing completions are represented by row A. Rows D (Total Projected Housing Supply) represents the anticipated housing supply for Fareham Borough. This consists of sites identified in this Plan (Row C - Projected Planned Housing Completions), and a windfall allowance (Row C - Projected Windfall Allowance).

Row ~~H~~ (Total Strategic Housing Requirement) represents the housing requirements for the Borough outside Welborne. It is a combination of the housing ascribed to Fareham through the ~~revised South Hampshire Strategy (2012 PUSH South Hampshire Strategy Requirement)~~ adopted Core Strategy and, as required by paragraph 47, bullet point 2 of the National Planning Policy Framework, an additional 5% buffer of deliverable sites (Row G) moved forward from later in the plan period (5% Buffer applied to five year housing supply). For information purposes row I shows the annual requirements of the South Hampshire Strategy, with Row J showing this annual requirement added to the Strategic Requirement for the Borough.

Row ~~K~~ demonstrates the number of dwellings above or below the housing target, of the Core Strategy, at any one year. Despite a shortfall in housing land availability toward the latter stages of the plan period, significant projected over-delivery in the early stages of the plan period will ensure that Fareham is capable of meeting its housing requirements.

Row ~~L~~ shows the number of dwellings above or below cumulative housing requirements of the Core Strategy. A positive figure demonstrates that a strategy is ahead of the delivery target whereas a negative figure shows a shortfall in housing delivery. The cumulative rate of delivery remains positive across the plan, despite a shortfall in annual delivery against annual supply in the latter stages of the plan period. For information purposes Row O shows the number of dwellings above or below cumulative housing requirements of the South Hampshire Strategy

As the table demonstrates, Fareham is capable of meeting and exceeding its five year deliverable housing land requirement by 95651 dwellings (~~1,1631,418~~ – ~~1,068767~~ = 95651). With regards to the developable supply (i.e. 6-10 year and 11-~~14~~13 years supply) Fareham is in a housing deficit of ~~-169190~~ (~~427246~~ - ~~596436~~ = -~~169190~~) and ~~-10629~~ (~~233137~~ - ~~333166~~ = -~~10029~~), respectively. However, when past delivery is taken into account, Fareham is capable of delivering the Cumulative Requirement across the plan period (i.e. 2006-2026) of 42043729 dwellings with a projected surplus of 287929 dwellings.

**Fareham's Housing Trajectory and Five-Year Housing Land Supply (excluding Welborne)**

## Appendix C: Proposed Minor Modifications

These are additional modifications to the Plan which do not directly relate to “soundness” but nonetheless improve the Plan. They include changes arising as a consequence of the proposed Main Modifications, updates, typographical amendments to the supporting text and other clarity changes which the Inspector has determined would not constitute Main Modifications. For clarity, these have been recorded and published and will also form part of the six-week period for Public representations commencing 16 February 2015.

Ref:	Plan Ref.	Proposed Minor Modification	Reason for Change
DAM01	Contents Page	Policy numbers from DSP3-DSP7 renumbered to DSP2-DSP6 to reflect deletion of Policy DSP2. Insertion of new Policy DSP7: Affordable Housing Exceptions Sites	To make policy numbers consecutive.
DAM02	Page 8 Paragraph 1.10	The Council recognises the need for an early review of the Local Plan following adoption of the Development Sites and Policies Plan to extend the time horizon beyond 2026, in line with the Welborne Plan, to 2036. The review of the South Hampshire Strategy to 2036 will inform the early review of Fareham’s Local Plan. This is considered to be the most sound and robust approach to taking account of new evidence, including the SHMA, <u>as well as guidance and evidence produced by the South Hampshire Local Economic Partnership</u> , whilst ensuring the Council fulfils the Duty to Cooperate.	To emphasise that evidence from the Solent LEP will be taken into consideration.
DAM03	Page 17 Policy DSP4	<b>Policy DSP34: Impact on Living Conditions</b>  <b>Development proposals should ensure that there will be no unacceptable adverse impact upon living conditions <del>or</del> of <u>the site or</u> neighbouring development, by way of the loss of sunlight, daylight, outlook and/or privacy.”</b>	For clarity in the Policy wording
DAM04	Page 18 Paragraph 3.27 (second bullet point)	<ul style="list-style-type: none"> <li>Monitoring of buildings <u>or other heritage assets</u> at risk <del>of</del><u>through</u> neglect, <del>and</del> decay <u>and other threats, proactively seeking solutions for assets at risk through discussions with owners and willingness to consider positively development schemes that would ensure the repair and maintenance of the asset, and, where appropriate, using its statutory powers;</u></li> </ul>	To recognise that it is not only about monitoring buildings at risk, but the Council to ensure that assets are brought back into use where possible.

Ref:	Plan Ref.	Proposed Minor Modification	Reason for Change
DAM05	Page 26 Footnote	<sup>22</sup> As set out in <del>national standard</del> <u>the GVA Retail Study</u>	For clarification
DAM06	Page 33 Paragraph 4.29	In addition to the sub-regional GI strategy work, Fareham has produced it's own Local Green Infrastructure Strategy, <u>which builds on and incorporates the work undertaken by PUSH</u> . This study sets out the approach to identifying a local network of GI and how this network will be linked with GI being developed at Welborne, and GI proposals <u>at</u> the sub-regional level, including linkages with neighbouring districts. <u>The Fareham GI Strategy includes potential funding streams and a delivery timeframe for each project.</u> Core Strategy Policy CS4: Green Infrastructure, Biodiversity and Geological Conservation will ensure that the network is maintained and enhanced while Policy CS21: Protection and Provision of Open Space provides policy protection for the GI network from inappropriate development that would compromise its integrity.	To reflect publication of Fareham Green Infrastructure Strategy
DAM07	Page 37 Paragraph 4.42	Through <u>the work of the <del>Solent Disturbance and Mitigation Project (SDMP)</del> <u>Solent Recreation Mitigation Partnership (SRMP), a group of 13 Solent Local Planning Authorities, Natural England, RSPB, Hampshire and Isle of Wight Wildlife Trust and Chichester Harbour Conservancy,</u> it has been concluded that any net increase in residential development will give rise to likely significant effects on the Solent Coastal SPA, either 'alone' or 'in combination' with other development proposals. All new residential development will be required to mitigate the negative impact.</u>	In order to update the reference to the previously known SDMP.
DAM08	Page 37 Paragraph 4.43	Work is being undertaken to investigate the option of providing this mitigation through financial contribution to the strategic measures set out in the <del>emerging SDMP</del> <u>SRMP</u> (or as subsequently adopted)...	For clarification
DAM09	Page 58 Paragraph 5.55	The importance of the Town Centre's historic High Street is reflected in its designation as the "Fareham High Street Conservation Area". It offers a blend of retail, offices and residential uses within a unique setting. The enjoyable character of this area is a result of the uses as much as it is the <u>historic environment</u> , the high quality nature of the architecture and the layout of the street.	For clarification

DAM10	Page 90 Paragraph 5.194	The majority of older people own their property. According to the Wanless Review, "Securing Good Car for Older People", a significant proportion of this group aspire to remain in their current home with care being provided by either a family member or a trained professional. However, the Council also recognises the importance of planning for those who wish to move to specialist types of older people's accommodation ( <del>sometimes referred to generically as Care Homes or Nursing Homes</del> ). The Hampshire Older Persons Housing Strategy (2009) helps define the various types of specialist older people's accommodation; an overview of these definitions is provided below.	To reflect that alternative types do exist.
DAM11	Page 100 Paragraph 6.6	There are currently two Air Quality Management Areas (AQMAs) within the Borough: at Portland Street, Fareham; and at Gosport Road, Fareham. These were required because of severe congestion they both experience during the morning and evening peaks, and the relatively high traffic flows throughout the day. The reconfigured A27 Quay Street roundabout has improved this situation, but there is scope for the air quality within these areas to be further improved if traffic flows on these and adjacent roads could be reduced. <u>The Council will work with the Highway Authority (Hampshire County Council) and other stakeholders to improve traffic flows and introduce other measures to improve air quality within the AQMA areas and elsewhere in the Borough.</u>	To clarify how the Council will improve air quality.
DAM12	Page 103 Paragraph 6.17	Ensuring efficient connectivity between different modes of transport is an important component of the Council's transport strategy. Fareham railway and bus stations are key connectors but additional improvements could be made to enhance their operation and connectivity. The Council will continue to work with the highway authority (Hampshire County Council) and transport operators to facilitate the provision of an enhanced transport interchange in the railway station area to enable buses, cars, pedestrians, <u>cyclists</u> and rail services to operate safely and efficiently together...	For clarification
DAM13	Page 113 Paragraph 6.58	Fareham's coastline is home to a wide variety of moorings due to its proximity to the Solent, one of the best sailing areas in the country. The River Hamble is a very popular and successful yacht harbour, and the upper parts of Fareham Lake include areas for moorings as well as pontoon berths. The area's proximity to the Solent means that pressure for additional moorings is likely to increase in the future. However, this has to be balanced with the sensitive character of the Solent Special Protection Areas (SPAs). <u>In addition, the River Hamble contains the Grace Dieu, which is a protected wreck site of archaeological and historical importance. This site will need to be taken into consideration, and any impacts assessed, when proposing to replace, relocate and/or create new mooring sites.</u>	To clarify that the Grace Dieu needs to be considered when assessing new mooring sites
