Officers have discussed the suggested provision of a restrictor to the roof light with the applicant. The applicant has indicated they would not be willing to fit a 2.5cm opening restrictor to the roof light however they would be prepared to install one allowing the roof light to open to a maximum opening

of 10cm.

In light of the discussions with the applicant Officers consider there is little prospect of any planning permission conditional on a 2.5cm restrictor being implemented. The applicant's suggested restriction to 10cm would not prevent overlooking of the neighbouring property to the rear. Officers therefore recommend that planning permission should be refused for the variation of this condition. Officers will be discussing the serving of a Breach of Condition Notice with Southampton Legal Department in order secure compliance with the original planning condition.

Recommendation:

REFUSE: roof light gives rise to the overlooking of neighbouring property (7 Old Street) harmful to the privacy of the occupants
