

FAREHAM

BOROUGH COUNCIL

Report to Audit and Governance Committee

Date: 23 March 2020
Report of: Head of Finance and Audit
Subject: INTERNAL AUDIT ANNUAL PLAN 2020/21

SUMMARY

This report presents a draft plan of Internal Audit Work proposed for delivery in 2020/21.

The Audit and Governance Committee's areas of responsibility for Internal Audit include: -

- 1. To review proposals made in relation to the appointment of external providers of internal audit services and to make recommendations.*
- 2. To approve the risk-based internal audit plan, including internal audit's resource requirements, and the approach to using other sources of assurance, and any work required to place reliance upon those other sources.*
- 3. To approve significant interim changes to internal audit plan and resource requirements.*
- 4. To make appropriate enquiries of both management and the head of internal audit to determine if there are any inappropriate scope or resource limitations.*

RECOMMENDATION

It is RECOMMENDED that the Committee approves the draft Annual Audit Plan for 2020/21 as attached as Appendix A.

INTRODUCTION

1. A requirement of Internal Audit Standard 2010 is that *'a risk-based plan is established to determine the priorities of internal audit activity, consistent with the organisation's goals'. 'It must take into account the requirement to produce an annual internal audit opinion and the assurance framework'*.
2. The Annual Audit Plan provides a mechanism in which the Head of Finance and Audit can ensure the most appropriate use of internal audit resources to provide a clear statement of assurance on risk management, internal control and governance arrangements.
3. At the meeting in March 2019, the Audit and Governance Committee approved the latest Internal Audit Charter which set out the following role and purpose of internal audit:

Internal audit role:

'an independent, objective assurance and consulting activity designed to add value and improve an organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes'.

Internal audit purpose:

'Fareham Borough Council is responsible for establishing and maintaining appropriate risk management processes, control systems, accounting records and governance arrangements.

Internal Audit plays a vital role in assisting officers and members in the effective discharge of their responsibilities, by advising the Council whether these arrangements are in place and operating effectively. '

This is achieved through the Internal Audit service providing a combination of assurance and consulting activities. Assurance work involves assessing how well the systems and processes are designed and working, with consulting activities available to help to improve those systems and processes where necessary.

The Council's response to internal audit activity should lead to a strengthening of the control environment and, therefore contribute to the achievement of the organisation's objectives.

4. At the meeting in March 2019, the Audit and Governance Committee also approved the latest Internal Audit Strategy which set out the principles to be used to set the Annual Plan of Internal Audit work and how the purposes set out in the Charter will be met.
5. A draft plan of Internal Audit work for 2020/21 has therefore been collated using these principles and giving consideration to the following:
 - (a) The Council's Corporate Strategy and key priorities, and internal policy changes and initiatives; including the objective to adopt a Vanguard approach to the delivery of services.
 - (b) Initiatives, changes and risks being highlighted through the Risk Management process and Medium-Term Financial Strategy; including the budgets proposed for 2020/21.
 - (c) Governance, fraud or risk issues identified through the year from work carried out by the internal audit or finance teams; including horizon scanning for emerging local

or national risks and themes.

- (d) Trends and outstanding recommendations identified on the audit recommendation database.
- (e) On-going liaison with the senior and service managers of the Council.

DRAFT ANNUAL AUDIT PLAN FOR 2020/21

- 6. The draft plan prepared for 2020/21 is shown in [Appendix A](#). The format of the plan has been changed this year to specify the list of audits that will be monitored for delivery to support the 2020/21 Head of Audit's opinion, which is supplemented with a list of reserve work which will be covered if time allows. This is to allow some capacity in the team to be reserved for unplanned work and other governance work identified for the year such as individual risk assessments of the Local Plan and Solent Airport projects, which do not feature in the plan.
- 7. The following should be noted:
 - (a) **Level of Opinion Audit:** There is provision in the plan for 171 days of individual audit opinion work plus 15 days for the in-house team to support these audits. This meets the Strategy minimum of 180 days.
 - (b) **Number of Assignments:** There are 20 discrete pieces of work included in the plan, plus 5 in the reserve list, covering a variety of departments in the Council. The subjects covered represent approximately 15% (25/168) of the Audit Universe. There will also be reactive pieces of work completed in the year which will be used to support the Annual Audit Opinion. This meets the Strategy minimum of 20 audits.
 - (c) **Type of Audits:** The plan includes the breakdown of the types of audit set out in the Strategy including 4 Fundamental Systems and 7 High Risk Audits.

RESOURCING THE PLAN

- 8. Resources available through the partnership with Portsmouth City Council will be used to deliver the majority of the Opinion work to ensure independence and will also be used for assist with at least one of the Wider pieces of work (Targeted Assistance with recommendation implementation). There are no audits in the plan this year that are appropriate for sharing coverage with Gosport Borough Council.
- 9. The rest of the wider work will be delivered by a mixture of in-house audit and finance resources and by collaborative working with other teams in the Council.

RISK ASSESSMENT

- 10. The Council has a statutory requirement to carry out internal audits of services and systems, with sufficient coverage to allow an annual Head of Audit's Opinion to be produced. Delivery of this plan will therefore mitigate the risk of non-compliance.
