Executive Briefing Paper

Date:	06 July 2020
Subject:	Local Authority Discretionary Grant Awards
Briefing by:	Deputy Chief Executive Officer
Portfolio:	Policy and Resources

INTRODUCTION

1. On 01 May the government extended its support package for businesses struggling due to the impact of the COVID-19 lockdown.
2. The Scheme was aimed at small and micro businesses in the borough who are incurring property related costs and who have not been eligible for other government support packages such as the Small Business and Retail, Hospitality and Leisure Grants Fund.
3. Local authorities were tasked with creating a local scheme which met the government requirements, while recognising the priority economic needs in their area when designing their local scheme. The Executive Member for Policy and Resources agreed the Fareham scheme on 2nd June 2020, and the scheme opened for applications on the same day.
4. This report sets out the results of the application process and the recommendations considered by the Executive Member for Policy and Resources.

APPLICATION PROCESS

5. A 2-week window for grant applications was opened on 2nd June, and publicity across social media and via press releases was used to encourage businesses to apply. We are grateful to local business representative groups (such as the Federation of Small Businesses, Business South), who shared the scheme amongst their members.
6. Expressions of interest had been gathered in the week preceding the application window opening and those businesses were sent the application link once the scheme was live.
7. Direct contact was made with businesses that had previously contacted the Council, in relation to the preceding business grants schemes (Small Business Grant Fund and Retail, Hospitality and Leisure Grant Fund) to ensure that there was a good level of awareness in the time available.

8. Direct contact was also made to 2 priority groups in the scheme: regular market traders and occupiers of shared offices, where they could be identified.
9. The application window closed on 16th June 2020, and the applications were assessed.

SUMMARY OF APPLICATIONS

10. The table below sets out the results of the grant applications;

	No.	Value
Applications eligible for a grant	101	£710,000
Applications which may be eligible subject to satisfactory evidence being received	12	£77,500
Applications declined	99	
Total number of applications received	212	£787,500

11. Where applications have been declined, this was largely a result of businesses that are run from peoples' homes (making up 39% of the declined applications). Other reasons included businesses not in the Fareham borough, no evidence of fixed property costs or revenue losses due to COVID-19 and a range of other specific reasons.
12. Under the scheme of delegation, the Deputy Chief Executive Officer (DCEO) can award grants from this scheme up to £5,000. Appendix A provides a list of all businesses that have received a grant payment, and is summarised below :-

	No. of businesses	Value
Grant of £2,500	27	£67,500
Grant of £5,000	14	£70,000
Total Grants paid under delegated authority to DCEO	41	£137,500

13. Businesses with higher property related costs were able to apply for a grant in excess of £5,000 up to a cap of £10,000. These grants needed approval from the Executive Member for Policy and Resources. Appendix B sets out the applications which were eligible for a grant exceeding £5,000, and this is summarised below:-

	No. of businesses	Value
Grant of £7,500	11	£82,500
Grant of £10,000	49	£490,000
Total Grants recommended	60	£572,500

14. There are still a few (12) applications where the true nature of the eligibility has yet to be ascertained, mainly due to missing evidence yet to be supplied. Provisional approval has therefore been sought from the Executive Member for Policy and Resources for grants to be paid to these applicants up to the value listed, subject to satisfactory evidence or explanations being obtained. Appendix C sets out these applications. The maximum value of grants that would be payable under this schedule is £77,500.
15. In addition to the above, the Executive Member for Policy and Resources has been asked to consider an additional schedule of payments to regular market traders.
16. The Government guidance on the Discretionary Grant Scheme was to make regular market traders who trade in the borough, a priority group under the scheme. These

businesses were covered by the local scheme and action was taken to contact the regular market traders from the Fareham and Portchester markets to encourage them to apply. However, only 3 applications were received, and these were considered not eligible, mostly on the basis that their fixed property costs were either at a domestic property or outside of the borough.

17. It was therefore proposed to provide additional support to this group of businesses as an exception to the approved scheme on the following basis:
 - All 22 identified regular market traders in the borough to receive a grant at the minimum level of £2,500.
 - The grants to be paid instalments in line to reflect the nature of pitch fees being incurred.
18. The total cost of this proposal was £55,000 and it would meet one of the priority criteria set in the local scheme to support “businesses that support the vitality of the town centre”. The list of businesses which would benefit from this proposal is given in Appendix D.

CONCLUSION

19. The Local Authority Discretionary Grant scheme has generated a good level of interest from local businesses, and if the recommended grant awards are agreed, will provide over £1m of financial support to micro/small local businesses in Fareham. The proposals are summarised below:-

	No.	Value
Grant paid, value up to £5,000	41	£137,500
Grants proposed, value between £7,500 - £10,000	60	£572,500
Grants proposed, subject to satisfactory evidence being received	12	£77,500
Grants proposed to market traders	22	£55,000
TOTAL GRANTS PAID	135	£842,500
FUNDING ALLOCATED		£1,019,000
Balance available		£176,500

20. Assuming that the proposed grants are paid, then there will be a small balance of funding available for further grants to be awarded. Officers are conscious that the application window may have resulted in some businesses being unable to apply on time and it is therefore recommended that the balance of funding is used to support other businesses that come forward in the coming months, using the same scheme criteria as before, but limiting the maximum grant to £5,000.
