17th August 2020

Ref; Application to vary a premises licence site notice Licensing Act 2003

Name of applicant; Pub & Grub Co. Ltd.

To whom it may concern,

I am writing to object to the above application.

Having recently moved into 2 Netley Road, (14th August 2020) I was extremely concerned upon finding a letter at my premises relating to the above subject.

Whilst I understood that moving to the above address would mean some background noise relating to activity in the pub garden, I also knew that this had to stop by 9pm and that there would be no live or loud music.

Subsequently being informed that a request has been made by the pub to extend the garden opening hours to 11pm along with proposed live music events is completely unacceptable to me. I have moved into the property with 3 children, an 11 year old, a 3 year old and one year old and the potential disruption due to heightened noise levels and extended garden opening would be detrimental to their sleep patterns and ergo their wellbeing and general state of mind.

I do not believe that this is the location to have such live events as it is a quiet residential community surrounded by individual low density housing. I believe that live music and or events in outside space should be confined to city centre locales or in mixed use zoning areas where the risk of noise pollution to one's neighbours is greatly reduced, or indeed accepted as part of residing in such an area.

It should also be noted that in this current environment that we live in with the Global Covid 19 pandemic, it would be wholly irresponsible to be holding events that promote public gatherings, (outside of one's own bubble) in confined spaces regardless of any good intention by the pub to limit numbers or contact because this simply does not work.

Based on the above, I would politely but strongly urge that the above application be rejected by Fareham Borough Council.

Sincerely

A solid black rectangular box used to redact the signature of the sender.
