YOUR COMMENTS ON THE CASE

I object to this application as the area intended for the houses is a vital part of the strategic gap between Fareham and Gosport a green space which is very much needed in this urban environment . I have lived here for 30 years and the roads have improved a little recently , but there is a notorious problem with traffic congestion on this peninsula , more houses means more cars and more pollution . The slowly moving traffic on the peninsula and its exit points in Fareham leads to an acknowledged air pollution problem . More houses will exacerbate this . The site of the houses will be near the B3385 a busy road particularly at rush hour exposing them to traffic fumes. There is a dire situation in Gosport in terms of General Practice provision which would be impacted by more housing.
