Project: **Fareham Inquiry**

Subject: **Junction Locations**

Prepared by: **Martha Hoskins**

Date: **18.02.2021**

1. Junction Locations

The following figures show the location and layout of some of the locations on Hampshire's road network where right turning vehicles cross two lanes of traffic. Appendix B of Mr Mundy's initial proof details the sites where the ahead traffic is signalised across two lanes and vehicles turn right however this does not include sites where right turners cross two lanes but where the ahead traffic is in one lane and the left turners in another such as Rowner Road with Carisbrooke Road.

The proposed layout for Newgate Lane East with Old Newgate Lane can be found in Figure SOCGT/9 of the Statement of Common Ground for Transport.

Figure 1- Ranvilles Lane with A27 The Avenue- Taken from Google Maps

Figure 2- Sandringham Road with A27 The Avenue- Taken from Google Maps

Figure 3- Portchester Road with Downend Road- Taken from Google Maps

Figure 4- Map to show the location of the aforementioned junctions

- A- Portchester Road with Downend Road
- B- Ranvilles Lane with A27 The Avenue
- C- Sandringham Road with A27 The Avenue
- D- Newgate Lane East with Old Newgate Lane
