

How to refer to Settlements

The Inspector asked for clarification on Friday 19th February 2021 on how he should refer to the respective settlements in his written report.

Following consultation with Gosport Borough Council, I can confirm that the existing urban settlement boundary should be referred to as Gosport (Bridgemary is an area of Gosport). As I advised, Gosport is the existing urban settlement boundary for the purposes of applying criteria (ii) of Policy DSP40.

Peel Common is the neighbouring settlement for the purposes of applying criteria (iii) of Policy DSP40 and can be referred to as such.
