**3. CHAIRMAN'S ANNOUNCEMENTS**

The Chairman made the following announcements:

*"I would like to provide an update for Members on the recent judicial reviews at Warsash, the planning appeals at Newgate Lane and the part land at Warnford Park may play in nitrate mitigation.*

*Members will be aware that two judicial review claims have been brought against planning permission granted in Warsash: one relates to a planning permission granted for eight houses at Egmont Nurseries, Brook Avenue, and one to a planning permission granted for six houses adjacent to 79 Greenaway Lane. Hearings for both claims were held between 11<sup>th</sup>-13<sup>th</sup> May. The judgements for both cases are expected to be issued imminently.*

*In February this year a Public Inquiry was held in respect of land at Newgate Lane. The Inquiry related to two planning applications on adjoining sites which proposed 190 dwellings between them. The Planning Inspectorate have advised that the decisions in respect of these two cases 'are likely to be issued early summer'.*

*Lastly, Members will be aware that nitrate mitigation is being achieved by taking land out of agricultural use and putting the land to alternative uses including re-wilding and tree planting. A landowner has identified agricultural land in their ownership at Warnford (Warnford Park) which can be used for nitrate mitigation. This Council has recently entered into a legal agreement with this land owner and South Downs National Park Authority to enable developments within Fareham to use this land as nitrate mitigation. Members will see reference to 'Warnford Park' in conjunction with nitrate mitigation proposals in future Planning Reports."*
