Subject: Record of AFC Portchester Noise Complaints

Dear Mr Salter,

Having reviewed their records, which I understand go back to 1992, FBC's Environmental Health department have advised of the following noise complaints received in relation to AFC Portchester;

30/05/17 – Loud music coming from the clubhouse. Complaint from local resident (Romsey Avenue)

17/04/17 – Loud speaker being used at the clubhouse. Complaint from local resident (Kingfishers)

11/09/12 – Loud music on previous night. Complaint from local resident (The Peregrines)

There were all one-off complaints with no follow up complaints received.

Kind Regards

Susannah Emery
