**(3) P/22/0550/FP - LAND ADJACENT TO NO 8 NORTHWAY  
TITCHFIELD PO15 5EE**

The Committee received the deputation referred to in Minute 4 above.

The Committee's attention was drawn to the Update Report which contained the following information: -

*Additional neighbourhood consultation responses received:*

*Further to the Officer Report prepared, the Council has received three additional neighbourhood representations, two of the representations were from the same household. The representations were all in favour of the play park and raised similar comments in support stating it is a good place from children to make friends and that noise would have been an impact from the open space prior to the development of the play park.*

The Planning Case Officer also provided a verbal update to the Committee stating that since the publication of the Update Report 3 further comments have been received, however they did not raise any new points that had not been covered by the previous comments received.

Upon being proposed and seconded the officer recommendation to refuse to the application was voted on and CARRIED.

(Voting: 6 in favour; 2 against)

RESOLVED that PLANNING PERMISSION be REFUSED.

Reasons for Refusal:

The proposed development is contrary to Policies DSP2 and DSP3 of the Fareham Borough Local Plan Part 2: Development Sites Policy and the Fareham Borough Design Guidance Supplementary Planning Document (Excluding Welborne) and is unacceptable in that:

- a) The increased noise and disturbance from the play park has a significant unacceptable adverse impact on the living conditions of neighbouring residents;
- b) The development has a significant unacceptable adverse impact on the privacy of the occupants of neighbouring properties to the detriment of the living conditions of those residents.

**(4) P/19/0946/FP - 82 THE AVENUE FAREHAM PO14 1PB**

The Committee's attention was drawn to the Update Report which contained the following information: -

*Additional consultation response received:*

**Natural England**

*An updated Habitats Regulation Assessment (HRA) dated 20 June 2022 has been produced by your authority, in support of this planning application. Natural England notes that your authority, as competent authority, has undertaken an appropriate assessment of the proposal in accordance with regulation 63 of the Conservation of Species and Habitats Regulations 2017 (as amended). Natural England is a statutory consultee on the appropriate assessment stage of the Habitats Regulations Assessment process.*

*Your appropriate assessment concludes that your authority is able to ascertain that the proposal will not result in adverse effects on the integrity of any of the sites in question. Having considered the assessment, and the measures proposed to mitigate for all identified adverse effects that could potentially occur as a result of the proposal, Natural England advises that we concur with the assessment conclusions, providing that all mitigation measures are appropriately secured in any planning permission given.*

Upon being proposed and seconded the officer recommendation to grant planning permission, subject to: -

- i) The prior completion of a legal agreement pursuant to Section 016 of the Town and Country Planning Act 1990 on terms to the satisfaction of the Solicitor to the Council to secure a contribution of up to £6,000 to fund the provision of a Traffic Regulation Order on Chalford Grange;
- ii) DELEGATION be given to the Head of Development Management, in consultation with the Solicitor to the Council to consider any comments received from Natural England relating to the consultation on the Appropriate Assessment and make any minor modifications to the proposed conditions, addition of conditions or any other subsequent minor arising as a result of Natural England's comments regarding the Appropriate Assessment; and

iii) The conditions in the report.

Was voted on and CARRIED.

(Voting: 8 in favour; 0 against)

**(6) P/21/0794/FP - 95 WEST STREET PORTCHESTER PO16 9UG**

Upon being proposed and seconded the officer recommendation to grant planning permission, subject to the conditions in the report, was voted on and CARRIED.

(Voting: 8 in favour; 0 against)

RESOLVED that, subject to the conditions in the report, PLANNING PERMISSION be granted.

**(7) P/22/0615/FP - 93 THE HILLWAY PORTCHESTER PO16 8BP**

The Committee received the deputation referred to in Minute 4 above.

Upon being proposed and seconded the officer recommendation to refuse planning permission was voted on and CARRIED.

(Voting: 8 in favour; 0 against)

RESOLVED that PLANNING PERMISSION be REFUSED.

Reasons for Refusal:

The proposed development is contrary to Policy CS17 of the Adopted Fareham Borough Core Strategy and Policies DSP13 and DSP15 of the Fareham Borough Local Plan Part 2: Development Sites Policy and the Fareham Borough Design Guidance SPD and is unacceptable in that:

- a) The proposal is to subdivide the existing property to create a one-bedroom dwelling distinctly smaller in terms of its scale and resultant plot size than other dwellings in The Hillway. In doing so, the proposal would give rise to an unsympathetic and cramped form of development which would be out of keeping with the prevailing character of the area and fail to respond positively to and be respectful of the key characteristics of the area including its scale, form and spaciousness;
- b) The proposal fails to meet a high standard of design and fails to provide a satisfactory standard of living accommodation which makes adequate provision of internal and external space for the proposed new dwelling;
- c) In the absence of a legal agreement to secure such, the proposal would fail to provide satisfactory mitigation of the 'in combination' effects that the proposed increase in residential units on the site would cause through increased recreational disturbance on the designated Solent Special Protection Areas; and
- d) The proposal would have likely adverse effects on the integrity of Habitat Sites in combination with other developments due to the additional generation of nutrients entering the water environment and the lack of appropriate and appropriately secured mitigation.

**(8) Planning Appeals**

The Committee noted the information in the report.

**(9) UPDATE REPORT**

The Update Report was circulated prior to the meeting and considered along with the relevant agenda item.

**6. TPO 774 2022 - FAIRACRE RISE TITCHFIELD**

The Committee considered a report by the Director of Planning and Regeneration on Tree Preservation Order No. 774 2022 at Fairacre Rise, to which one objection to the making of a provisional order in April 2022 was made.

RESOLVED that Tree Preservation Order No. 774 is confirmed as originally made and served.

(The meeting started at 2.30 pm  
and ended at 5.25 pm).
