

Part 1

Schedule of Additional Modifications to the Submitted Fareham Borough Council Local Plan 2037 proposed by Fareham Borough Council (September 2022)

The schedule in this document sets out the Council's proposed additional modifications to the examined submitted Fareham Borough Local Plan 2037 (September 2021). These non-material changes are in addition to the main modifications schedule and largely relate to text corrections, updates, cross referencing and consistency changes. The additional modifications proposed by the Council in the schedule below include an "AM" numbered reference.

For the purposes of cross referencing where changes have been made, please note that the page, policy and paragraph number references in the schedule correspond with those in the submitted Fareham Borough Local Plan 2037 (September 2021).

Please also note that paragraph numbers and referencing will be updated to be sequential within the final adopted plan. That in itself will constitute an additional modification to the Plan.

AM Ref	Policy or Paragraph reference	Page number	Proposed Additional Modification New (<i>italic and underlined</i>) and deleted (strikethrough) text (policies shown in bold text)	Reason for Change
AM001	Contents Page		Contents page to be amended in the version to be adopted.	Factual/clarification/typo.
AM002	All		All paragraph numbers to be sequential for the version to be adopted.	Factual/ clarification/typo.
AM003	1.4	1	Remove paragraph	Factual update
AM004	1.5	1	Remove paragraph	Factual update
AM005	1.7	2	Remove paragraph	Factual update
AM006	1.13	3	Remove reference to Publication plan	Factual update
AM007	1.14	3	Remove reference to Publication plan	Factual update
AM008	1.14.1	3	Remove reference to Publication plan Final sentence to be removed and replaced with the following text; Changes since the first Publication Local Plan are clearly marked throughout this document and are the focus of the consultation running from June 2024. Following consultation on that revised version, the Plan was submitted to the Secretary of State for examination. The adopted plan is the outcome of that examination.	Factual update
AM009	1.20	5	Removal of the word 'publication' in reference to the plan.	Factual update
AM010	1.26	5	Removal of the word 'publication' in reference to the plan - twice	Factual update
AM011	1.30	6	Remove references to Publication plan	Factual update
AM012	1.31	6	Update in relation to the publication of the PfSH SoCG. Amend as follows: PfSH is working on a new Statement of Common Ground between all constituent authorities which will effectively supersede the Spatial Position Statement from June 2016. The new Statement will be informed by a variety of workstreams currently in preparation, including seeking to address unmet need in the sub-region through an analysis of Strategic Development Opportunity Areas (SDOAs), a Transport Assessment of potential SDOAs, and an <u>Economic Needs</u> analysis. These workstreams are at different stages of preparation, but importantly this Publication Plan runs alongside the work on SDOAs. As a partner within PfSH, the Council is aware of the potential sites being assessed and how this mirrors the Council's own assessment of potential development opportunities through the Local Plan SA and SHELAA. Therefore, it is confident that there is no risk to developing the Publication Plan parallel to the sub-regional work, in fact it is evidence of the Council's proactive approach to addressing unmet need already identified in the PfSH area¹. <u>This work is not expected to conclude until the second half of 2023. However, a Statement of Common Ground has been signed with the other PfSH authorities recognising the contribution from the Fareham Local Plan 2037 to the unmet need issue and the further collaboration to complete the Joint Strategy.</u>	Identified by Council in advance of the hearings. Factual/clarification/typo
AM013	1.37	8	Removal of sub-heading and paragraph.	Factual update

1 See PfSH Joint Committee Paper on SOCG: <https://www.push.gov.uk/wp-content/uploads/2020/06/Item-8-Statement-of-Common-Ground-Progress.pdf>

AM Ref	Policy or Paragraph reference	Page number	Proposed Additional Modification New (<i>italic and underlined</i>) and deleted (strikethrough) text (policies shown in bold text)	Reason for Change										
			The NPPF sets out that decision-takers may give weight to relevant policies in emerging plans according to their stage of preparation, the extent to which there are unresolved objections to relevant policies, and their degree of consistency with policies in the National Planning Policy Framework (NPPF). Simply put, as the plan advances, objections are resolved and consistency with national policy is established, the plan will gain weight for decision-makers in determining applications.											
AM014	1.38	8	<p>Removal of text and table.</p> <p>The timetable for the preparation of the Fareham Local Plan 2037 is set out in the Local Development Scheme (LDS) which was adopted in June 2021. The remaining key stages of the plan preparation are set out below:</p> <table border="1"> <thead> <tr> <th>Key Stages</th> <th>Date</th> </tr> </thead> <tbody> <tr> <td>Regulation 19 – Publication of Local Plan Consultation on Pre-submission Draft (limited to 'Tests of Soundness')</td> <td>Summer 2021</td> </tr> <tr> <td>Regulation 22 – Submission to Secretary of State</td> <td>Autumn 2021*</td> </tr> <tr> <td>Regulation 23, 24 & 25 – Independent Examination</td> <td>Winter/Spring 2021/2022</td> </tr> <tr> <td>Regulation 26 – Adoption</td> <td>Autumn/Winter 2022</td> </tr> </tbody> </table> <p>*subject to the outcome of the technical consultation on 'Changes to the current planning system' and proposed changes to the standard methodology.</p> <p>Table 1.1: Local Plan Timetable</p>	Key Stages	Date	Regulation 19 – Publication of Local Plan Consultation on Pre-submission Draft (limited to 'Tests of Soundness')	Summer 2021	Regulation 22 – Submission to Secretary of State	Autumn 2021*	Regulation 23, 24 & 25 – Independent Examination	Winter/Spring 2021/2022	Regulation 26 – Adoption	Autumn/Winter 2022	Factual update
Key Stages	Date													
Regulation 19 – Publication of Local Plan Consultation on Pre-submission Draft (limited to 'Tests of Soundness')	Summer 2021													
Regulation 22 – Submission to Secretary of State	Autumn 2021*													
Regulation 23, 24 & 25 – Independent Examination	Winter/Spring 2021/2022													
Regulation 26 – Adoption	Autumn/Winter 2022													
AM015	1.45	11	<p>To amend as follows:</p> <p>Natural Environment: The Borough's natural environment is highly valued by residents and visitors. The value is reflected in the Borough's areas of special landscape quality, three main rivers, the woodlands and parks, six Sites of Special Scientific Interest (SSSIs), six Nature Reserves and the coastline. The Borough's coastal location results in some areas being affected by tidal flooding. In response to this, the Eastern Solent Coastal Partnership, now <u>Coastal Partners</u>, was formed in 2012 to deliver a series of coastal management services across the coastline, including Fareham Borough, with the overarching aim to reduce coastal flooding and erosion.</p>	Identified by Council in advance of the hearings. Factual/ clarification/ typo.										
AM016	2.2	12	Reflect that the Corporate Strategy was lastly reviewed in December 2020.	Factual update										
AM017	2.3	12	Remove reference to the Publication Plan.	Factual update										
AM018	3.10	18	Remove two references to the Publication Plan.	Factual update										
AM019	3.17	20	Update the timescale of the PFSH Joint Strategy work	Factual update										

AM Ref	Policy or Paragraph reference	Page number	Proposed Additional Modification New (<i>italic and underlined</i>) and deleted (strikethrough) text (policies shown in bold text)	Reason for Change
			The Council has an obligation to work with neighbouring authorities in order to identify and address unmet need within the region. This work is being undertaken through the Partnership for South Hampshire (PfSH), of which the Council is a member. PfSH are working on a Statement of Common Ground to identify Strategic Development Opportunity Areas (SDOAs) that could be selected to address the identified unmet need in the sub-region. This work is likely to continue into 2024 23 and the Council will remain an active partner in discussions. However, the Council considers it unnecessary to wait for the outcome of the PfSH work in relation to the question of Fareham's contribution to unmet need due to two main reasons. First, as has been mentioned the Council is a member of PfSH and as such is party to the discussions and technical assessment undertaken on potential SDOAs within the Borough. Second, the Council has undertaken bilateral conversations with neighbouring authorities through the Duty to Co-operate obligation and is aware of the unmet need arising there and the Borough's capacity to address any unmet need.	
AM020	3.18	20	Remove reference to Publication Plan	Factual update
AM021	3.20	20	To amend as follows: The figure identified through the current standard methodology is higher than that included in the Draft Local Plan, which was consulted upon in 2017. This increase was the main reason that the Council worked to update the plan and consult on additional housing allocations <i>in subsequent consultations in 2019 and 2021 and the potential for Strategic Growth Areas</i> . However, the Government is consulting on a revised standard methodology which would see Fareham's need fall again. This document sets out, for consultation, how the Council anticipates the housing need based on the revised standard methodology will be met. More information on the standard methodology and the implications for the Borough can be found in the Housing Need and Supply chapter (Chapter 4).	Identified by Council in advance of hearings.
AM022	3.44	28	Remove references to Publication Plan	Factual update
AM023	4.3	34	Remove reference to Publication Plan	Factual update
AM024	4.5	35	Remove references to Publication Plan	Factual update
AM025	4.7	35	Paragraph 65 of the NPPF requires Local Plans to establish the housing requirement for any neighbourhood areas. Titchfield was is the only a designated neighbourhood area in Fareham Borough. The draft Titchfield neighbourhood plan did not include housing allocations and failed at referendum in July 2019. <i>Subsequently, the designation of the neighbourhood area and forum lapsed in March 2022 so there are no designated neighbourhood areas or forums in the borough.</i> The Council is not aware of any intention to continue to develop a Titchfield Neighbourhood Plan. Therefore, the Titchfield neighbourhood area has not been assigned a housing requirement figure. Should one be <i>designated and a housing requirement figure</i> requested, it would be calculated based on the proposed allocations, any adopted Local Plan allocations, current commitments and estimates of windfall in those spatial areas.	Factual update after the end of the 5 year designation period lapsed.
AM026	4.9	36	Update to show Welborne permission has been issued.	

AM Ref	Policy or Paragraph reference	Page number	Proposed Additional Modification New (<i>italic and underlined</i>) and deleted (strikethrough) text (policies shown in bold text)	Reason for Change																																																												
			Although the Welborne Plan is not being reviewed, the development at Welborne Garden Village will make a considerable contribution to meeting the housing requirement over the plan period. The review of Welborne's delivery trajectories has taken into account matters arising since the Welborne Plan was adopted in 2015. For example, the Government has designated Welborne a Garden Village and importantly the Planning Committee has resolved to grant planning permission <i>has been granted</i> for the development of the site. Increasing clarity on likely start dates and delivery rates has enabled the Council to understand the extent of development required for the remainder of the Borough in order to meet the Borough's overall housing and employment needs.																																																													
AM027	4.15	38	To amend as follows: Paragraph 67 of the NPPF requires planning policies to identify a sufficient supply and mix of sites for at least the first five years of the plan period. Following the first five years, Local Plans can either identify specific sites or broad locations for growth. This Publication <i>Local</i> Plan identifies specific sites (see Policies FTC3 <u>FTC5-9</u> and HA1-HA56) <i>and the Broad Location for growth in Fareham town centre (BL1).</i>	Identified by Council in advance of the hearings. Factual/clarification/typo .																																																												
AM028	4.19	39	Add in FTC3 and FTC4 to policies that do not exist	Factual update																																																												
AM029	4.20	39	To amend as follows: <table border="1" data-bbox="622 767 1827 1420"> <thead> <tr> <th>Allocation ID</th> <th>Allocation Name</th> <th>Indicative Dwelling Yield</th> </tr> </thead> <tbody> <tr><td>FTC3*</td><td>Fareham Station East</td><td>120</td></tr> <tr><td>FTC4*</td><td>Fareham Station West</td><td>94</td></tr> <tr><td>FTC5*</td><td>Crofton Conservatories</td><td>49</td></tr> <tr><td>FTC6</td><td>Magistrates Court</td><td>45<u>37</u></td></tr> <tr><td>FTC7</td><td>Land adjacent to Red Lion Hotel, Fareham</td><td>18</td></tr> <tr><td>FTC8</td><td>97-99 West Street, Fareham</td><td>9</td></tr> <tr><td>FTC9</td><td>Portland Chambers, West Street, Fareham</td><td>6</td></tr> <tr><td>HA1</td><td>North and South of Greenaway Lane</td><td>824</td></tr> <tr><td>HA3</td><td>Southampton Road</td><td>348</td></tr> <tr><td>HA4</td><td>Downend Road East</td><td>350</td></tr> <tr><td>HA7*</td><td>Warsash Maritime Academy</td><td>100</td></tr> <tr><td>HA9</td><td>Heath Road</td><td>70</td></tr> <tr><td>HA10</td><td>Funtley Road South</td><td>55<u>125</u></td></tr> <tr><td>HA12</td><td>Moraunt Drive</td><td>48</td></tr> <tr><td>HA13*</td><td>Hunts Pond Road</td><td>38</td></tr> <tr><td>HA15</td><td>Beacon Bottom West</td><td>29</td></tr> <tr><td>HA17</td><td>69 Botley Road</td><td>24 (<i>net yield 23</i>)</td></tr> <tr><td>HA19</td><td>399-403 Hunts Pond Road</td><td>16</td></tr> <tr><td>HA22*</td><td>Wynton Way</td><td>13</td></tr> </tbody> </table>	Allocation ID	Allocation Name	Indicative Dwelling Yield	FTC3*	Fareham Station East	120	FTC4*	Fareham Station West	94	FTC5*	Crofton Conservatories	49	FTC6	Magistrates Court	45 <u>37</u>	FTC7	Land adjacent to Red Lion Hotel, Fareham	18	FTC8	97-99 West Street, Fareham	9	FTC9	Portland Chambers, West Street, Fareham	6	HA1	North and South of Greenaway Lane	824	HA3	Southampton Road	348	HA4	Downend Road East	350	HA7*	Warsash Maritime Academy	100	HA9	Heath Road	70	HA10	Funtley Road South	55 <u>125</u>	HA12	Moraunt Drive	48	HA13*	Hunts Pond Road	38	HA15	Beacon Bottom West	29	HA17	69 Botley Road	24 (<i>net yield 23</i>)	HA19	399-403 Hunts Pond Road	16	HA22*	Wynton Way	13	Post Hearing Letter (INSP015). AM084	6.3	180	<p>To amend as follows:</p> <p>In addition to supporting existing business to grow and encouraging the formation of new businesses, an important element of the sustainable economic development of the Borough is to attract new investment, both in the form of new businesses moving in and the investment in infrastructure such as superfast broadband and skills training. The Council will work with partners, including the Solent LEP, and Hampshire County Council <i>and developers</i>, in order to achieve the necessary infrastructure improvements in order to support the economic development of the Borough.</p>	Identified by Council in advance of the hearings. Factual/clarification/typo .
AM085	6.8	181	<p>To amend as follows:</p> <p>The floorspace requirement identified in Policy E1, is derived from the Stantec assessment This assessment identified the need for 'Office' and 'Industrial' employment uses rather than specific B1 (office), B2 (industrial) and B8 (warehousing and logistics) employment use classes. The amendment to the national use classes order made on 1st September 2020 (to include a new E class combining commercial, business and services uses such as shops, financial and professional services, cafes, offices, research and development, clinics and health centres, day centres and gyms) means that categorising land for 'B class' employment uses is no longer appropriate as a pure B1 use class for office no longer exists. Likewise, the inclusion of E class uses in the allocations would allow for uses that would not normally be considered suitable for those locations. Taking a more flexible approach to uses such as industrial and storage and distribution operations is considered suitable given the similar nature of site requirements given that they are generally considered uses that cannot be carried out in a residential area without detriment to its amenity. Policy E1 therefore identifies a <i>single</i> requirement for Office and Industrial <i>employment</i> uses, with site allocations considered flexible for any type of office, industrial and warehousing/logistics employment use for reasons.</p>	Identified by Council in advance of the hearings. Factual/clarification/typo .
AM086	6.10	182	To amend as follows:	Identified by Council in advance of the hearings.

AM Ref	Policy or Paragraph reference	Page number	Proposed Additional Modification New (<i>italic and underlined</i>) and deleted (strikethrough) text (policies shown in bold text)	Reason for Change
			<p>The Stantec assessment undertook a hybrid assessment of employment need. For office floorspace requirements the need is based on a Labour Demand model (economic forecast) whereas for industrial it is based on past take-up. The study sets out the reasons for doing this and points to the strengths in the industrial market over the past five years as a key driver. However, using past take-up for office need would have resulted in a negative need, and that is neither desirable nor does it align with market conditions. Therefore, a positive approach based on labour demand has been used for office requirements but given the poor recent trend in office development <i>and having regard to the PfSH 'cities first' approach</i>, the requirement within the study is considered aspirational. This is therefore the case for this policy. This projection of future employment levels and land requirements for the Borough is considered the most up to date and realistic projection as it considers both past trends and labour demand as set out in the Planning Practice Guidance.</p>	Factual/clarification/typo

AM093	E4d	200	<p>To amend as follows:</p> <p>Policy E4d: Standard Way, Wallington</p> <p>SHELAA Reference: 20</p> <p>Name: Standard Way Proposed Use: Employment</p> <p>Location: Standard Way, Wallington Capacity: 2,000 sq. metres</p> <p>Size: 0.6 Ha Planning Status as at 1 April 2021: Application under consideration P/19/0169/OA</p> <p>Proposals should meet the following site-specific requirements:</p> <ul style="list-style-type: none"> a) The quantum of employment floorspace shall be broadly consistent with the indicative site capacity; and b) Primary vehicular access shall be obtained from Military Road; and c) Provision of safe pedestrian and cycle connections to connect to local network; and d) Infrastructure provision or contributions shall be provided in line with Policy TIN4. 	From the examination hearings.
AM094	6.28	203	<p>To amend as follows:</p> <p>The majority of employment uses are located within the Borough's allocated Existing Employment Areas. <i><u>These sites are considered to be the strategic employment areas for traditional 'B' class employment uses in the Borough, which generally provide the infrastructure and facilities required to enable their continued role and function. There are a number of other sites that contain small scale businesses that do contribute to overall economic development in the Borough, but they are not considered to be of a strategic nature in a Borough context or not traditional office or industry use.</u></i> The supply of employment land and premises is crucial to enhance the economic competitiveness of the Borough and deliver sustainable economic growth. Sites within the Employment Areas are particularly valuable and the loss of land in these areas to non-employment uses could generate the additional pressure for the release of land in less acceptable locations. The Employment Areas are therefore protected for B Class uses and as such the loss of these sites to alternative uses will not be acceptable unless the criteria set out in the policy can be satisfied.</p>	From the examination hearings.
AM095	7.15.1	212	<p>Addition of new paragraph as follows:</p> <p><i><u>Table 7.2 sets out that there is no identified requirement for comparison floorspace in the plan period, however it is recognised that retail proposals often come forward in the form of mixed use development. As such it is</u></i></p>	From the examination hearings.

AM Ref	Policy or Paragraph reference	Page number	Proposed Additional Modification New (<i>italic and underlined</i>) and deleted (strikethrough) text (policies shown in bold text)	Reason for Change
			<i>important to note that proposals which affect the net change in floorspace use (proposing either an increase or decrease in convenience, comparison or food and beverage floorspace) which support and protect the vitality of the Borough's centres will be supported where they meet the other criteria set out in Policy R1.</i>	
AM096	7.31	216	To amend as follows: The definition of community and leisure facilities as included in paragraph 83 93 of the NPPF is wide ranging and includes: <ul style="list-style-type: none"> • local shops • Meeting places • Sports venues • Open space • Cultural buildings • Public houses • Places of worship 	From the examination hearings.
AM097	8.16	222	To amend as follows: "Some minor development and changes of use as stated in paragraph 464 168 of the NPPF..."	Factual update to NPPF reference.
AM098	8.22	223	To amend as follows: The Environment Agency and the Eastern Solent Coastal Partnership (ESCP) <i>Coastal Partners</i> have developed plans to reduce the risk of flooding particularly along the coastal stretch from Portchester Castle and Port Solent. The project involves the installation of Defences to reduce the risk of coastal flooding, designed to a 1 in 200 year standard of protection for the next 15 years. However, the implementation of these defences relies on a substantial funding contribution which at the time of writing has not been identified. Future phases of the scheme will also be necessary, as the current defences will be replaced as they reach the end of their useful life. The aim of this work is to reduce the risk that is posed to existing development in these areas. However, it is important to note that the risk from flooding will not be removed entirely and a residual risk will remain. Further details about coastal defence is presented under Policy CC3.	Identified by Council in advance of the hearings. Factual/clarification/typo .
AM099	8.28	225	To amend as follows:	Identified by Council in advance of the hearings. Factual/clarification/typo .

AM Ref	Policy or Paragraph reference	Page number	Proposed Additional Modification New (<i>italic and underlined</i>) and deleted (strikethrough) text (policies shown in bold text)	Reason for Change
			Coastal management in Fareham Borough is managed by the Eastern Solent Coastal Partnership (ESCP) <i>Coastal Partners</i> , a partnership of four local authorities ⁷ set up to jointly oversee coastal flood and erosion risk across the 162km of coastline from the River Hamble to Emsworth, in Chichester Harbour.	
AM100	CC3	225	To amend penultimate paragraph as follows: Proposals for new or replacement coastal defence schemes will only be permitted where it can be demonstrated that the works are consistent with the relevant Shoreline Management Plan and that there will be no severe adverse impact on the environment, the English <i>England</i> Coast Path, and the rights of way network.	Identified by Council in advance of the hearings. Factual/clarification/typo .
AM101	8.39	229	To amend as follows: "This assessment should be appropriate to the degree of risk and the scale, nature and location of the development. It should be able to accord with the requirements in paragraph 468 <u>172</u> of the NPPF in demonstrating that the development".	Identified by Council in advance of the hearings. Factual/clarification/typo .
AM102	8.44	230	To amend as follows: The ESCP has <i>Coastal Partners have</i> also produced The River Hamble to Portchester Coastal Strategy produced by the Eastern Solent Coastal Partnership ⁸ which covers the 58km (36 mile) stretch of coastline from Portchester Castle in the east of the Borough to Burrigde on the River Hamble in the west of the Borough. The purpose of this particular Strategy is to guide coastal practitioners on the future delivery of coastal management along that particular Fareham and Gosport coastline. The strategy has benefits to existing development by planning to reduce the risk of coastal flooding in priority areas over the next 5-15 years. However, many of the schemes identified rely on substantial funding contributions to be delivered. Even if schemes are delivered, a residual risk of flooding in these areas will always remain.	Identified by Council in advance of the hearings. Factual/clarification/typo .
AM103	8.51	231	To amend as follows: Fareham Borough Council (FBC) Fareham Borough Council are a Risk Management Authority and have permissive powers to undertake coastal protection and flood defence works but only do so where there is a wide public benefit; such as flood risk to life and property. FBC do not have responsibility or any legal obligation to maintain defences. FBC do however act to try and secure funding and deliver projects where there are sufficient benefits to the public, i.e. when there is a	Identified by Council in advance of the hearings. Factual/clarification/typo .

⁷ Fareham Borough Council, Gosport Borough Council. Havant Borough Council and Portsmouth City Council.

			clear economic benefit to developing coastal defence works, when there is an appropriate engineering solution that is achievable and where environment legislation is not contravened. The Eastern Solent Coastal Partnership <i>Coastal Partners</i> which Fareham Borough Council is a member of, provides the functions and responsibilities of the Local Authority with regards to flood and coastal erosion risk matters.	
AM104	8.53	232	Remove reference to Publication plan	Factual update
AM105	9.1	237	To amend as follows: An extensive, high quality natural environment is a key part of the environmental pillar of sustainable development. There are legal duties placed on Local Authorities with regards to biodiversity such as the duty contained within Section 40 of the Natural Environment and Rural Communities Act 2006 requiring all public authorities in England and Wales to have regard, in the exercise of their functions, to the purpose of conserving <i>and enhancing</i> biodiversity. The NPPF also amongst other things, sets out the framework for how Local Plans should protect and enhance biodiversity (chapter 15 of the NPPF). Protecting and enhancing the natural environment can result in a variety of benefits such as: <ul style="list-style-type: none"> • Allowing people to reconnect with nature and improving people's quality of life and mental well-being; • Supporting and improving biodiversity; • Protecting the Borough's landscape and cultural heritage which helps to create a sense of place and identity; • Protecting the Borough's water resources, such as groundwater reserves, springs and rivers; • Providing resilience to and mitigating the effects of climate change. 	Identified by Council in advance of the hearings. Factual/clarification/typo .
AM106	9.28	242	To amend as follows: The approach taken towards biodiversity net gain is based upon the emerging legislation contained within the Environment Bill-Act 2021 , the commitments within the 25 Year Environment Plan ⁹ and the guidance contained within the National Planning Practice Guidance, Biodiversity Net Gain. Good Practice Principles for Development produced by The Chartered Institute of Ecology and Environmental Management ¹⁰ as well as the responses from Natural England to the various stages that led to the formulation of this Local Plan.	Identified by Council in advance of the hearings. Factual/clarification/typo .

AM Ref	Policy or Paragraph reference	Page number	Proposed Additional Modification New (<i>italic and underlined</i>) and deleted (strikethrough) text (policies shown in bold text)	Reason for Change
AM107	9.29	242	To amend as follows: The Council will seek to halt the loss of biodiversity and provide net gains across the Borough. In line with the emerging Environment Bill <u>Act 2021</u> and national policy the Council expects development proposals to achieve demonstrable net gains in biodiversity. This can be secured through incorporating and enhancing existing wildlife habitats into development and encouraging the inclusion of further biodiversity enhancements as part of the design. It is Important to recognise that biodiversity net gain should be additional to any habitat creation required to mitigate or compensate for impacts particularly those involving irreplaceable habitats. Any mitigation and/or compensation requirements for international/European sites will be dealt with separately under either policy NE1 NE3, NE4 and NE5.	Identified by Council in advance of the hearings. Factual/clarification/typo
AM108	9.35	243	To amended footnote 85 as follows: 85 http://nepubprod.appspot.com/publication/5850908674228224 85 http://nepubprod.appspot.com/publication/6049804846366720	Identified by Council in advance of the hearings. Factual/clarification/typo
AM109	9.36	243	To amend as follows: A minimum figure of 10% above the existing biodiversity baseline is to be used to ensure measurable improvements to biodiversity. This figure has been chosen to be in line with the emerging Environment Bill <u>Act 2021</u> ¹¹ . A Biodiversity Gain Plan or a Biodiversity Mitigation and Enhancement Plan should be submitted to the Council alongside the planning application which demonstrates that a 10% gain in biodiversity value is being achieved through development and how it is to be maintained/ managed. Evidence and rationale supplied by applicants in respect of biodiversity net gain should be supported by appropriate scientific expertise and local wildlife knowledge. Planning conditions and/or obligations may be used to ensure that a planning permission provides for works that will measurably increase biodiversity.	Identified by Council in advance of the hearings. Factual/clarification/typo
AM110	9.38	244	To amend as follows: There should also be provision made for the ongoing management and maintenance of habitats to ensure net gain is delivered and achieved in the short and long term. It is also important that measures for biodiversity net gain are resilient to pressures from further development and climate change. The emerging Environment Bill <u>Act 2021</u> as well as the Government response to the Defra consultation on biodiversity net gain suggests <u>states</u> that net gains should be maintained for a minimum of 30 years. Therefore, the Council would expect a costed management and maintenance plan for habitats created for biodiversity net gain to include enough funding to	From the examination hearings and the Inspector's Post-Hearing letter (INSP015).

			of development that are considered appropriate for Green Belt land. Policy NE11 details which forms of development listed are considered appropriate Local Green Space.	
AM115	10.2	270	To amend as follows: Paragraph 402 <u>104</u> of the NPPF places a requirement on plan making authorities to ensure the identification of transport issues are considered from the earliest stages of plan-making. Plans should ensure that the potential impacts of development on transport networks are addressed, opportunities from existing or proposed transport infrastructure and changing technology are realised, opportunities to promote travel by alternative modes are identified and pursued, and that the environmental impacts of traffic and transport infrastructure are identified, assessed, and taken into account. The planning system should actively manage patterns of growth in support of these objectives.	Identified by Council in advance of the hearings. Factual/clarification/typo
AM116	10.6	271	To amend as follows: Sustainable transport and active travel modes are an essential consideration when developing a site and determine how the site will function in terms of travel patterns. To encourage the uptake and continued use of sustainable modes of transport, the location, design and layout of development will need to show significant prominence and priority being given to pedestrian and cycle movements and then to sustainable transport initiatives, maximising the catchment area and integration with bus or other public transport networks. <u>New cycle routes within and off-site should comply with the latest Department for Transport (DfT) cycle design guidance LTN 1/20 (2020) and should include improvements to existing cycle routes where the existing provision is substandard.</u>	Identified by Council in advance of the hearings. Factual/clarification/typo
AM117	11.33	288	To amend as follows: Where appropriate within the Local Plan period, the Council will develop additional design guidance relating to specific sites, settlements or borough wide. Such guidance could include site or area-wide masterplans, design codes or guidance related to specific issues, such as parking <u>and sustainable construction</u> . These will be developed in conjunction with local residents and the wider community, where applicable, and in conformity with any relevant existing or future national or sub-regional policy or guidance. This includes Building for Healthy Life 12, <u>BREEAM Assessment</u> , which will be used as an assessment tool for major new development and the future National Model Design Code and the future revised Manual for Streets.	Identified by Council in advance of the hearings. Factual/clarification/typo
AM118	11.35	288	Amend as follows: Building Regulations take into account all regulated emissions arising from new residential development (heating, fixed lighting and ventilation) and energy efficiency standards, but the Council will support planning applications that exceed Building Regulations requirements. <u>In respect of non-residential standards,</u>	Identified by Council in advance of the hearings. Factual/clarification/typo

AM Ref	Policy or Paragraph reference	Page number	Proposed Additional Modification New (<i>italic and underlined</i>) and deleted (strikethrough) text (policies shown in bold text)	Reason for Change
			<i>developments will be supported that meet BREEAM standards or an agreed equivalent industry standard assessment process, where viable. Developers that propose a scheme to meet BREEAM standards in order to demonstrate the sustainability benefits of their proposals should submit a post construction assessment and BREEAM certificate to the local planning authority to demonstrate compliance. The requirement for BREEAM standards will be considered as part of a review of the next Local Plan.</i>	
AM119	11.55	293	Delete paragraph In respect of non-residential standards, developments will be supported that meet BREEAM standards where viable. Developers that propose a scheme to meet BREEAM standards in order to demonstrate the sustainability benefits of their proposals should submit a post construction assessment and BREEAM certificate to the local planning authority to demonstrate compliance. The requirement for BREEAM standards will be considered as part of a review of the next Local Plan.

Evidence Base update

AM126	Open Space Study	Erratum to be published which states; The version of the Open Space Study published in September 2018 erroneously included highlighted text in paragraph 1.19 and errors in the population figures for the Fareham North and Portchester West wards on page 12. As indicated in the Schedule of additional modifications prepared during the examination of the Local Plan 2037 the highlighting has been deleted and the population figures corrected in this version.	Identified by Council in advance of the hearings. Factual/clarification/typo.
AM127	Infrastructure Delivery Plan	An update to chapters 6 (Development Strategy) and 7 (Infrastructure Requirements) has been undertaken, including updated infrastructure Solutions Tables 6 and 7. The IDP is a 'living document' but being published as of September 2022 as attached in appendix 1 of this schedule.	Identified by Council in advance of the hearings. Factual/clarification.
AM128	Reg 22 Statement of Consultation	Erratum to be published which states; The version of the Regulation 22 Statement of Consultation Appendix 3 published in September 2022 erroneously included the wrong tracked changes in relation to Policy HP7 in the Council's response column on pages 147-150 of the document. As indicated in the Schedule of additional modifications prepared during the examination of the Local Plan 2037 the amendment to Policy HP7 will be the deletion of 'wheelchair accessible' not the deletion of 'On schemes of over 100 dwellings (gross), at least 2% of private housing and 5% of affordable housing shall be provided as wheelchair accessible Category 3 properties'.	Identified by Council in advance of the hearings. Factual/clarification/typo.
AM129	Settlement Boundary Review	Erratum to be published which states; The version of the Settlement Boundary Background Paper published in September 2020 erroneously excluded a boundary change to the Stubbington and Hill Head settlement boundary. The extension to the settlement boundary is identified in Inset Map 21 with the reference point SH1b with corresponding explanation in the table on page 21. Stubbington and Hill Head	Identified by Council in advance of the hearings. Factual/clarification/typo.

Reference	Location	Inset Map	Criteria	Action	Reason for Change
SH1	Farmhouse Close	21	a) and f)	Minor extension to the urban boundary to include the curtilages of Farmhouse Close.	The properties in Farmhouse Close are considered visually well related to the urban area. In addition, Titchfield Road and Ranvilles Lane form a strong permanent boundary to the urban area.
SH1b	16A and 17 Farmhouse Close	21	a) and f)	Minor extension to the urban boundary to include the curtilages of 16A and 17 Farmhouse Close.	The properties in 16A and 17 Farmhouse Close are considered visually well related to the urban area. In addition, Titchfield Road forms a strong permanent boundary to the urban area.
SH2	West of Marks Tev	21	d) and f)	Reduction of the boundary to the rear	Existing boundary includes heavily treed area to the rear

AM130
Renewable and Low Carbon Energy Study

Erratum to be published which states;
The version of the Renewable and Low Carbon Energy Capacity Study (CC006) published in May 2021 included in paragraph 7.9 the wording of Policy CC4 Renewable and Low Carbon Energy which is within the Fareham Local Plan 2037. As a result of the examination hearings, the wording within Policy CC4 is proposed to be amended and therefore this amendment will need to be reflected in paragraph 7.9 of the Renewable and Low Carbon Energy Capacity Study

Identified by Council as a result of the examination hearings.

AM131	SA/SEA	Appendix B Consultation Analysis. page 8. Wording disappears under the borderline of the table. Reformat.	Identified through Council approval process. Factual/clarification/typo.
AM132	SA/SEA	Appendix B: Consultation Analysis. Page 9, delete unnecessary box at bottom of table	Identified through Council approval process. Factual/clarification/typo.
AM133	SA/SEA	Appendix B: Consultation Analysis. Page 12, First Summary of reaction box, wording disappears under the row line below. Reformat.	Identified through Council approval process. Factual/clarification/typo.
AM134	SA/SEA	Appendix B: Consultation Analysis. Page 14, delete unnecessary empty line of cells after Miller Homes entry	Identified through Council approval process. Factual/clarification/typo.
AM135	SA/SEA	Appendix B: Consultation Analysis. Page 15, delete unnecessary empty line of cells after Gladman entry	Identified through Council approval process. Factual/clarification/typo.
AM136	SA/SEA	Appendix C: Review of Policies, Plans & Programmes. Page 10, move wording in the first row which is related to the text on the page above, so that all relevant text fits on to page 9.	Identified through Council approval process. Factual/clarification/typo.
AM137	SA/SEA	Appendix C page 12, Amend typo on first row (Climate Change Adaptation (2013)) from 'give' to 'five'	Identified through Council approval process. Factual/clarification/typo.
AM138	SA/SEA	Appendix C: Review of Policies, Plans & Programmes. Page 14, second set of cells (contd ...) should be merged with the above row on page 13	Identified through Council approval process. Factual/clarification/typo.
AM139	SA/SEA	Appendix C: Review of Policies, Plans & Programmes. Page 18, move wording in the first row which is related to the text on the page above, so that all relevant text fits on to page 17.	Identified through Council approval process. Factual/clarification/typo.
AM140	SA/SEA	Appendix C: Review of Policies, Plans & Programmes. Page 25, move wording in the first row which is related to the text on the page above, so that all relevant text fits on to page 24.	Identified through Council approval process. Factual/clarification/typo.

Appendix 1 – Infrastructure Delivery Plan update

6. Local Plan Strategy

Development Strategy

- 6.1 Addressing housing need through the provision of new homes is a fundamental part of any Local Plan. The NPPF is clear that planning authorities should prepare Local Plans to boost the supply of housing to meet the needs of the area as well as keeping a rolling supply of housing land available for development.
- 6.2 Local housing need should be determined by using the standard methodology set out in National Planning Practice Guidance (PPG). The housing requirement for Fareham currently stands at a minimum of ~~403~~ **541** dwellings per annum. The Local Plan makes provision to meet this need through the following supply:

Table 3: Local Plan Housing Requirement

Local Plan Housing Requirement	
Annual Housing Need (based on current data)	403 541
Plan Period 2021-2037	16 years
Total Housing Need	6,448 8,656
Contribution to unmet need in neighbouring authorities	847 900
Total Housing Requirement	7,295 9,556

- 6.3 The supply shown in table 4 represents the proposed development strategy that is being consulted on through the Local Plan process. Fareham Borough Council is proactively planning for this oversupply to be a contribution to unmet need for the South Hampshire sub-region.

Table 4: Local Plan Identified Housing Supply

Figures projected to 1 st April 2021	Supply Identified in the Local Plan
Outstanding planning permissions (small)	94 74
Outstanding full planning permissions (large)	373 1,234
Outstanding outline planning permissions (large)	85 3,983
Resolution to grant planning permission (including 4,020 at Welborne up to 2037)	4,858 321
Allocations made in this Publication Plan in Fareham Town Centre	428 684
Allocations made in this Publication Plan in other existing settlements	282 325
Allocations made in this Publication Plan on edge of settlement sites	1,045 2,386
Windfall Development	1,224 1,120
Total	8,389 10,268

- 6.4 The sites and locations that infrastructure and service providers were asked to consider and identify likely requirements and mitigation packages for are shown in table 5. These sites contribute to a number of the categories in table 4 including adopted allocations and new

allocations, as well as outstanding permissions and resolutions to grant. Due to the ongoing process of refining the evidence base in support of the emerging Local Plan, these requirements should be considered as a minimum, with exact requirements to be identified through detailed site discussions and the planning application process.

Table 5: Local Plan Allocations tested through IDP

Allocation Number	Allocation Name	Dwelling Capacity
FTC1	Palmerston Car Park	20
FTC2	Market Quay	100
FTC3	Fareham Station East	120

<u>HA54</u>	<u>Land east of Crofton Cemetery and west of Peak Lane</u>	<u>206</u>
<u>HA55</u>	<u>Land south of Longfield Avenue</u>	<u>1,250</u>
<u>HA56</u>	<u>Land west of Downend Road</u>	<u>550</u>
<u>BL1</u>	<u>Broad Location for Housing Growth</u>	<u>620</u>

7. Infrastructure Requirements of Allocated Sites

- 7.1 As set out in the introduction to this document, this IDP identifies the key infrastructure required to specifically support the development set out in the Local Plan. Such infrastructure is required to ensure that future development is accompanied by the services and facilities needed to deliver sustainable communities. To achieve that goal, it is also important that infrastructure is provided in advance of or at least alongside development, and so a key element will be to understand timescales and delivery requirements.
- 7.2 There will be some infrastructure elements that will lag due to the nature of the way that they are funded. These generally relate to services such as health and emergency services where funding is based on population increases. Large scale developments may result in some phasing of infrastructure provision as a developer may need to construct and sell several dwellings to generate finance for the next phase of development, including its associated infrastructure.
- 7.3 Table 6 shows the specific infrastructure required to mitigate the impacts of the sites allocated in the ~~development strategy (figure 2)~~ Local Plan 2037. Service/infrastructure providers were consulted on the overall strategy and provided with site specific plans for each site and asked to provide detail on any requirements they foresee. An example of the pro-forma circulated to service providers can be seen in Appendix 1. The table identifies projects by site, including delivery organisation, cost, anticipated funding source, funding shortfall, timing and prioritisation. The requirements evidenced by providers will form the basis of the mitigation requirements identified in the Publication Local Plan site allocation policies.
- 7.4 Table 7 sets out requirements and projects that have been identified through evidence studies and from responses from service providers that apply to sites across the borough. Contributions will be sought towards these projects through a combination of developer contributions and other funding where identified. Section 106 contributions will be appropriate for some projects such as highways and active travel schemes, health and green infrastructure. In other cases, it would be anticipated that CIL would provide a future revenue source such as Green Infrastructure schemes Social Infrastructure projects.

Part 2

Further Additional Modifications to the Fareham Borough Council Local Plan 2037 proposed by Fareham Borough Council (March 2023)

The schedule in this document sets out the Council's proposed further additional modifications to the Main Modifications version of the examined submitted Fareham Borough Local Plan 2037. They therefore represent additional changes to the Plan made between January to March 2023. These non-material changes are in addition to the schedule of main modifications, and the schedule of additional modifications and relate to typographical corrections, updates, cross referencing and consistency changes.

Policy or Paragraph Reference (<i>paragraph reference as per the Main Mods version</i>)	Further Additional Modification New (<i>italic and underlined</i>) and deleted (strikethrough) text (policies shown in bold text)	Reason for Change
1.2	Remove 'when adopted'	Deleted in readiness for final adoption version
1.15	The Fareham Local Plan proposed plan period will covers <u>thise</u> minimum period from the date of adoption, which is anticipated to take place in 20212, to 2037, <u>and from the point of adoption in 2023 will look forward around 14 years</u> . This period differs from that stated in earlier drafts (2020 to 2036) and has been reflected in the plan name which changed from Fareham Local Plan 2036 to Fareham Local Plan 2037.	Amended in readiness for final adoption version
1.16	Amended to: 'At adoption the new Local Plan will formally <u>replaces</u> the existing Local Plan Part 1: Core Strategy (2011) and Local Plan Part 2: Development Sites and Policies (2015). The Local Plan 2037 will <u>supersedes</u> the all policies contained in the Local Plan Parts 1 and 2.'	Amended in readiness for final adoption version
1.18	<ul style="list-style-type: none"> • Table 4.2 – Housing Requirement and Sources of Supply 2021-2037 • Table 6.23 – Employment Sites to meet the Requirement. 	Correction
1.19	Amended to: 'For clarity, this Plan is reviewing <u>replaces</u> Part 1 and Part 2 of the Adopted Plan <u>the Core Strategy and the Development Sites and Policies Plan</u> . This is illustrated by the following figure.'	Amended in readiness for final adoption version
Figure 1.1	Retitled figure:	Amended in readiness for final adoption version

Policy or Paragraph Reference (<i>paragraph reference as per the Main Mods version</i>)	Further Additional Modification New (<i>italic and underlined</i>) and deleted (strikethrough) text (policies shown in bold text)	Reason for Change
	 <p>Previous Development Plan</p> <ul style="list-style-type: none"> Core Strategy Development Sites and Policies Welborne Plan Hampshire Minerals and Waste Plan Neighbourhood Plans (none at present) <p>Adopted Development Plan</p> <ul style="list-style-type: none"> Fareham Local Plan 2037 Welborne Plan Hampshire Minerals and Waste Plan Neighbourhood Plans (none at present) <p><i>Figure 1.1 – Changes to the Development Plan</i></p>	
1.29	<p>The Council has worked closely with a number of bodies during the preparation of the Local Plan, in accordance with the duty to cooperate and this is recorded in the Statement of Compliance with the Duty to Cooperate. This is a written record which highlights issues and agreements on cross boundary strategic issues with neighbouring planning authorities and other relevant organisations. In the run up to examination, the Council will <u>progressed</u> the duty to cooperate work through the production of statements of common ground which <u>highlighted</u> agreement on cross boundary strategic issues with neighbouring authorities and other relevant organisations. <u><i>These form part of the evidence base which can be found on the Council's website.</i></u></p>	Amended in readiness for final adoption version
1.32	<p>Amended to: 'The Local Plan 2037 will <u>provides</u> a strategic evidence base for Neighbourhood Plans and any Neighbourhood Development Orders, including Community Right to Build Orders.'</p>	Amended in readiness for final adoption version
1.36	<p>Corrected Policy titles for HP2, HP3 and HE3 as follows:</p>	Corrections
