## BOROUGH COUNCIL

### Report to Policy and Resources Scrutiny Panel

**Date**                    **2 May 2023**

**Report of:**            **Director of Planning and Regeneration**

**Subject:**                **VEHICLE REPLACEMENT PROGRAMME**

#### **SUMMARY**

A proposed rolling 5-year vehicle replacement programme for the whole vehicle fleet has been created. The programme aims to move to a modern fleet of commercial vehicles in a considered way, ensuring that the fleet remains resilient, efficient, and cost effective.

Adopting an invest to save approach, the proposed 5-year rolling programme aims to lower the overall age of the fleet, with the aim of reduce running costs in the long-run.

A carbon impact assessment of the proposed programme has been undertaken.

#### **RECOMMENDATION**

It is RECOMMENDED that Members:

- a) note the contents of the Executive report on the Vehicle Replacement Programme (and accompanying appendices) attached at Appendix A;
- b) refer any comments relating to the Executive report on the Vehicle Replacement Programme (and accompanying appendices) to the Executive for their consideration at the 15 May 2023 Executive meeting.
