Members asked questions for clarification on various sections of the report to gain a greater understanding of the policies and measures in place to protect the Council against fraud. Members of the Committee asked about the empty properties within the Borough and how these are checked to avoid owners fraudulently claiming for grants and benefits on properties they don't occupy. Officers explained that this is a challenge and although duplicate claims are identified via mandatory data matching exercises, the fraud team are heavily reliant on people reporting empty properties to them.

Members queried the contents of Table 2 at paragraph 13 of the report. Although the information is to provide a comparison on the implemented recommendations from previous year, Members asked that more detail be provided in future reports to allow Members a greater understanding as to what type of recommendations were implemented, closed or in progress each year as a comparison.

The report contained details on the Council's annual review of the partnership governance arrangements. Members of the Committee asked for assurances as to the Council's commitment to the various partnerships.
