Note : Reference should be made also to Part 1 Chapter 10 of the Constitution – Functions and Areas of Responsibility of Officers.

This delegation scheme is made under section 15(5) Local Government Act 2000

## **1. General**

- 1.1 In this scheme Chief Officer means a Director, a Chief Officer or the Solicitor to the Council and Monitoring Officer.
- 1.2 A local authority is a creature of statute and only has the power to act according to statutory provisions. In the same way, officers of the Council only have power to do those things which they are required by law to do or which the Council or its Executive have validly delegated to them.
- 1.3 Having the power or authority to take the action is a prerequisite for any officer to act but does not replace or override normal managerial arrangements for the performance and allocation of duties, and the need to consider what action to take in the light of the Council's stated priorities aims and objectives.
- 1.4 Whilst the exercise of a function by an officer under these arrangements is not made the subject of any precondition or qualification, an officer shall when exercising a discretion be under a duty to consider whether the decision conforms to Council approved policies and strategies and that in reaching the decision he/she has observed approved practices and procedures.
- 1.5 Any decision made by the Council, Committees, the Executive or an individual Executive Member authorises any officer of the Council to take all action necessary to implement the decision.
- 1.6 Any Executive or individual Executive Member, decision whether before or after the date of adoption of this scheme to delegate any specific function, power or authority is additional to and independent of any delegation made under this scheme.
- 1.7 The delegation of a function to a Chief Officer does not require the Chief Officer to give the matter his / her personal attention. The Chief Officer may delegate the matter to another officer, but the Chief Officer remains responsible for any decisions taken by such officers in his / her name.
- 1.8 The term "function" should be construed broadly and includes action taken which is calculated to facilitate or is conducive or incidental to the discharge of the function.
- 1.9 Save in respect of any statutory roles that are not capable of delegation, any power conferred on a subordinate officer shall be exercised by the relevant service director.
- 1.10 The Monitoring Officer shall have power to amend this scheme to reflect reorganisations, changes in job titles and vacancies, where changes result in the re-distributing existing delegations and not the creation of new ones.
- 1.11 Any post specifically referred to in the scheme shall be deemed to include any successors post, or a post which includes within the job description, elements relevant to any particular delegation, which were also present in the earlier post and shall include anyone acting up or seconded. Any power contained within this scheme in anticipation of any reorganisation may be exercised in accordance with the

preceding scheme to the date of that reorganisation.

- 1.12 All matters of interpretation of this document will be determined by the Monitoring Officer.
