YOUR COMMENTS ON THE CASE

We heard about TFT via a friend in 2021 as we wanted to find a way to help build our sons confidence. We tried sports etc with him and he just didnt like it. So we thought we would give it a go and he has been there ever since.

He has been in over 10 shows and has made some great friends and his confidence has improved dramatically.

As I mentioned he didn't get on with sports, so finding something that would get him out and about and something that he would enjoy was great.

TFT doesn't just benefit children. I am in the forces and when I was deployed away I missed a lot of time with my son. So when his performances were on I could volunteer to help and assist where required. This was great for TFT for the assistance. It was great for me as I could also get out and make new friends. But more importantly seeing the happiness on my sons face when he knows I am going to help out and seeing the excitement in his face when he knows I am watching has brought us together for all the moments I have missed.

TFT has so much to offer for Adults and children. Closing down the new theatre is not logical. The fun and happiness it brings is great. Not to think of the safe place it is for children to go. It has grown a lot, and it wouldn't be growing as good as it is if people did not want to go. This is a great assist to the committee!!!!
