YOUR COMMENTS ON THE CASE

It saddens me to hear that the council are trying to railroad this wonderful community lead theatre. It has, for many years, provided a safe environment for my children to attend a youth group, allowing them to grow confidence and life long skills.

Other than parking, I've never heard of a bad word said about the theatre. An issue I believe could be solved with some help from the council. That being said, parking is available a small distance away and if adhered too, would stop any issues.

As for the environment, from the outside, it appears to be environmentally friendly with many solar panels installed.

They provide a great service to not just the local community, but I know of people out of the area travelling to see the performances.

I hope that the council will see that the additional building is a source of good for the local area and is enabling children and adults to become stronger people.
