Subject: RE: Fareham Live Licence Application

Hi Pearl,

Thank you very much for sending these two additional representations. Gavin is going to prepare a letter to go to them on Thursday.

We have discussed the best way forward and taken advice on the representations. We' like to make an amendment to the application which we hope will demonstrate that a) we have listened to and appreciate residents views and that b) we absolutely want to be a good neighbour whilst optimising the business.

We'd like to amend the application so that LNR is limited as follows so that it ends at venue public closing time:

- o Monday to Thursday – 2300 to 0030
- o Friday and Saturday 2300 to 0130
- o Sunday 2300 to 0000

We hope that this will give everyone the confidence that we will be operating as they might have expected / hoped. Our application sets out hours which are actually lighter / earlier than the old Fernham Hall – we will highlight this at the hearing.

We will still aim to reassure residents that the LNR clause is not including alcohol and that it is not for the public / take away – even though we'd like to amend the hours requested.

We will send a slightly amended version of the letter to reps 4 and 5 (the two which you sent today) and will send a follow-up letter to reps 1-3 detailing the amendment (although we think that this will be too late for anyone to retract if they wanted to anyway and expect to go to a hearing)

Hope this is all clear and we hope that we are someway to resolving any hurdles,

Many Thanks

Mark
