Peter Grimwood
Chief Executive Officer

Dear Peter,

Proposed Savings 2015/16 – Consultation Response

Thank you for allowing UNISON to be part of the consultation for the proposed savings that you are required to make following the publication of the Council's Medium Term Financial Strategy.

It is, of course, disappointing to hear of redundancies but the Branch fully appreciate that efforts have been made to find savings in other areas to keep job losses to a minimum and protect front line services.

At this present time, no UNISON members who are facing the prospect of losing their jobs have approached us with any concerns. However, there may be a host of members affected by any further departmental restructures following the appointment of the new Heads of Service, therefore continuation of dialogue throughout any further changes will be essential.

Yours sincerely,

James Saunders

Branch Secretary,

Fareham UNISON Branch

CC: Mark Dunning, Senior Personnel Officer
