## Introduction and background

1.1 This report has been prepared for the Members of the Audit & Governance Committee at Fareham Borough Council. This report highlights the progress made to date for delivery of the 2013/14 Internal Audit Plan and the progress made in finalising the 2012/13 plan.

# Promoting internal control

- 2.1 To promote internal control within the Authority, Internal Audit will report to Committee in the following format:
  - An update on progress against delivery of the plan, including an update on any Significant Control Weaknesses and on any proposed amendments to the Internal Audit Plan;
  - Report back on the specific audits finalised since the last meeting of the Audit & Governance Committee, including scope, weaknesses identified and confirmation that management actions have been agreed to address the weakness. Audit opinions are Strong, Reasonable, Limited, or Minimal. Recommendations and actions in the report are categorised using a 3 point scale used on the Council's action management system. Both rating systems are detailed within Annex Four of this report; and
  - Update Members on the current situation regarding limited areas previously reported to Committee. This will inform Members of the action taken by Officers to resolve internal audit issues.

| Essential | <b>6</b> ** | A fundamental weakness in the control system which presents immediate risk to the service or system of a significant nature.  Requires urgent attention by management.  Reported to the Audit Committee and implementation of proposed actions are monitored.  |

| Advisory  | þ           | A weakness or opportunity for improvement where the risk poses no great threat and is relatively minor.  Consideration should be given to addressing the weakness if there is the appetite and/or capacity to implement the improvements.  We will not track actions taken to address these recommendations unless at the manager's request. |

# Statement of Responsibility

We take responsibility for this report which is prepared on the basis of the limitations set out below.

The matters raised in this report are only those which came to our attention during the course of our work and are not necessarily a comprehensive statement of all the weaknesses that exist or all improvements that might be made. Recommendations for improvements should be assessed by you for their full impact before they are implemented. The performance of our work is not and should not be taken as a substitute for management's responsibilities for the application of sound management practices. We emphasise that the responsibility for a sound system of internal controls and the prevention and detection of fraud and other irregularities rests with management and work performed by us should not be relied upon to identify all strengths and weaknesses in internal controls, nor relied upon to identify all circumstances of fraud or irregularity. Even sound systems of internal control can only provide reasonable and not absolute assurance and may not be proof against collusive fraud. Our procedures are designed to focus on areas as identified by management as being of greatest risk and significance and as such we rely on management to provide us full access to their accounting records and transactions for the purposes of our work and to ensure the authenticity of such material. Effective and timely implementation of our recommendations by management is important for the maintenance of a reliable internal control system.
